

# Allies Adopt Plan To End German Power To Wage War

By TOM REEDY  
Berlin, March 29 (AP)—A plan to eliminate Germany's industrial war potential while retaining enough of the beaten nation's economy to make it reasonably self-sustaining by 1949 has been adopted by the Allied Control Council.

The program, outlined in detail by the Council last night, slashes German economy in half and places future emphasis in production on agriculture and on coal and materials for the rebuilding of war-torn cities.

Every industry which could possibly be diverted to the manufacture of war materials is to be eliminated and other industries considered on the fringe of war potential are to be cut back. Only enough export trade is provided for to pay for the food Germans must import to maintain their reduced living scale.

**Four Categories**  
Allied officers said the target is to establish by 1949 a standard of living for Germany approximating that of 1932. Germans would not be permitted a higher standard of living than the European average.

The council's outline established four general industrial categories:

1. Industries to be prohibited. These included synthetic gasoline and oil, synthetic rubber, synthetic ammonia, ball and taper roller bearings, heavy machine tools of war-making types, heavy tractors, aluminum, magnesium, beryllium, vanadium, radio active materials (including uranium), hydrogen peroxide. The list expands from five to 19 the industries barred by the Potsdam meeting of the Big Three.

2. Those to be restricted to certain levels so any excess can be cut to pay off Germany's war debts. Cuts-back included steel, limited to 5,800,000 ingot tons a year, about 39 per cent of the pre-war output; and machine tools, with only 11.4 per cent of pre-war production allowed. A senior officer said economic experts of all four allied powers would tour the Reich to compile a list of industries which can be used to pay German war debts.

**No Limit On Coal**  
3. Industries producing peace-time goods which may go ahead full blast. Coal, for instance, is to be mined to the utmost, providing a balance for export in order that Germany may have cash to meet reparations. Official estimates said (Please turn to Page 2)

## PATRONS WILL OPPOSE THREAT TO HIGH SCHOOL

More than 300 Emmitsburg residents are expected to pack the Emmitsburg high school auditorium this evening at 7:30 o'clock to hear a report on activities of a community committee seeking to prevent loss of the Emmitsburg high school under a proposed consolidation with Thurmont.

Members of the committee hope to secure approval and assistance of the entire community in fighting the proposed establishment of a consolidated high school at Thurmont and closing of the Emmitsburg school, Mrs. R. S. Sperry, chairman of the committee, told The Gettysburg Times today.

The report on the findings of the committee will be presented by Samuel Hays, Mrs. Sperry said, Carson Frailey, president of the Emmitsburg high school alumni of Washington, will be present to act as presiding officer.

### Large Enrollment

Frederick county school officials are "attempting to use" the establishment of the new parochial high school in Emmitsburg as a reason for dropping the present high school, Mrs. Sperry added. However, she asserted, "The girls who would attend the parochial school already attend St. Joseph's college high school which is to be replaced by the new structure and as a result few, if any, of the present public high school students will be lost to the new high school."

"The present enrollment at the high school, 157 students, is the largest in the history of the school and we have reason to believe that the number will continue to increase," Mrs. Sperry said.

She also pointed out that few repairs or alterations have been made to the public school since it was built in 1922 and that the school at present, with 360 students in all grades, is overcrowded. "The school has to use its auditorium for classes as well as the regular class rooms," she added.

Eugene W. Pruitt, superintendent of schools for Frederick county, was quoted recently as stating that the school officials have given little thought recently to consolidation of the Thurmont and Emmitsburg schools. "But," he added, "it is inevitable that such a consolidation will come although there is no likelihood of making this step in the immediate future."

## HOPE TO HAVE TENNIS COURTS AT PLAYGROUND

Gettysburg's playground may be equipped with tennis courts before the summer is over if contributions are available and the work can be done, the local Recreation Board decided Thursday afternoon.

Preparing to send letters to all previous contributors to ask for donations for the upkeep and development of the playground at the high school, the board decided to make the tennis courts the leading project for the coming year.

The letters seeking donations will go out in about a week and as soon as sufficient money is available for the courts, work will begin, members of the board decided. The possible cost was not discussed. Members of the board are to discuss the problem with contractors at a later date if it appears that sufficient money can be raised. The board still has some money on hand from last year which was earmarked by the donors as being for the courts and the board hopes this year to increase the fund sufficiently to meet the costs.

**Season Opens June 10**  
If only enough money is available for one court, one will be built, they decided, in order to get the project underway. In a number of surveys made in previous years among high school students and older people it was found that the principal desire of those seeking improvements was the installation of the tennis courts.

The board decided to start the playground season this year on June 10 with the grounds to be closed ten weeks later, on August 17. Hours for the grounds were listed as from 9:30 a. m. to 12 noon, from 1:15 to 5 p. m. and from 6:15 to 8:30 p. m. Monday through Friday and from 9:30 a. m. to 12 noon on Saturdays.

Fred P. Haehnlen was renamed as supervisor for the playground, a post he has held since its establishment, and Miss Arlene Plank was re-elected associate supervisor. Miss Plank this year will be able to serve only five weeks, the group was informed and a substitute will be hired for the remaining five weeks of the playground season.

**To Fill Kinsey Post**  
The board approved a suggestion by Supervisor Haehnlen that the swings, slides and other equipment at the grounds be repainted and authorized Haehnlen to go ahead with the work. The board also decided to replace the seats in the swings.

The board discussed a number of possible replacements for Paul A. Kinsey, who will leave Gettysburg April 1. The vacancy in the board membership caused by Kinsey's resignation will be filled by an appointment by Burgess C. A. Heiges but the board has the right to recommend candidates for the post, the committee was told.

Chairman Elmer W. Warren presided at the meeting held in the Metropolitan Edison company office.

## WOMAN SAYS JUDGE ERRED

A woman defendant in Dauphin county court, Harrisburg, on Monday decided to have President Judge Hargest decide her guilt or innocence on charges of robbery and larceny under the law which permits trials without juries if the defendant is willing.

The judge listened to the evidence, decided the woman was guilty and sentenced her to Muncy Industrial Home for Women.

Thursday, the woman, Mrs. Willie L. Taylor, formerly of Gettysburg but recently residing in North Carolina, had her lawyer, Harold R. Prowell, file a motion for a new trial.

It was the first such motion filed in Dauphin county court since the trial-without-jury law went into effect.

The petition asking for a new trial says that the court erred in admitting testimony of an alleged criminal record of the defendant in the course of cross-examination by District Attorney Carl B. Shelley and in permitting the record to be read when there were no convictions set forth in the record, but only arrests. Prowell claims, too, that certain improper remarks were made by the District Attorney in connection with the trial.

The court adjudged Mrs. Taylor guilty of robbing Murray Washburn and the larceny of \$30 from Samuel H. Heller at a store in Harrisburg, both allegedly occurring November 25, 1941. At the time the court imposed sentence Prowell asked the court for certain exceptions and indicated that he would apply for a new trial. She claimed that she was innocent of the charges.

**Mrs. Howard Sheets, Pittsburgh,** will arrive this evening for a visit of several days with Mr. and Mrs. Ray J. Kitzmiller, Seminary avenue.

## Shortage Of Beer To Be More Acute

Local tap room proprietors are bemoaning the acute shortage of beer in Gettysburg.

More than a week ago a local distributor notified his retail trade that he would not make any home deliveries. The shortage was given as the reason, and that his depleted stock and supply was not sufficient to take care of the tap room demands.

One tap room adopted creaked hours this week because of the lack of beer to sell.

In recent days, according to current reports, many tap rooms have been without beer of any kind.

The general belief is that the shortage will become more acute in the next few weeks and that by summer Gettysburg may be without beer.

## FOUR DIRECTORS ELECTED BY "Y," AT ANNUAL MEET

Mrs. John E. Sanderson and Mrs. Charles Ogden were elected as new members of the board of directors of the Gettysburg YWCA at the annual membership dinner meeting Thursday evening at the association building here with more than 50 persons in attendance.

Mrs. John Teeter and Mrs. Richard A. Brown were re-elected as directors and the following were named to the nominating committee for next year: Mrs. Howard S. Fox and Mrs. Ralph R. Gresh from the board, and Mrs. George R. Larkin, Mrs. Dwight P. Putman and Mrs. Frederick Tilberg from the members at large.

The retiring president of the board, Mrs. A. R. Wentz, who presided at the business session Thursday evening, announced the appointment of Miss Margaret Williams, Mrs. Robert Fortenbaugh and Mrs. M. Hadwin Fischer as members of a committee to assist with plans for observance of the 20th anniversary of the local YWCA this fall.

**Here About Convention**  
Miss Ruth Seymour, the executive director of the York association of the Young Women's Christian Association and Mrs. K. T. Steigelman, who has charge of the girls' work in the York "Y," were the speakers.

Miss Seymour presented highlights of the national YWCA conference held recently at Atlantic City, which was attended by 4,000 delegates from all parts of the world. Twenty three nations were represented including two delegates each from Siam and Russia, she said.

Miss Seymour stated that the delegates decided that all new secretaries in the organization take a six-week orientation course during the summer, at Forrest Hills, Chicago. The convention group voted \$500,000 for stabilizing the work of the association in the United States; decided the membership fee should be \$1.50, with the fifty cents going to the national fund and recommended the raising of \$2,000,000 for international work. Three years was given for the raising of these amounts. Approval was also given for an adult education program for those persons who, after high school, were not able to attend an institution of higher learning.

**Girl Reserves Serve**  
The speaker told of the eight points which were adopted by the Public Affairs committee which include international abolition of (Please turn to Page 2)

## RICE SPEAKS IN BELLEFONTE

Bellefonte, Pa., March 29 (AP)—Appealing to the rural voters, Col. John S. Rice, candidate for the Democratic gubernatorial nomination, urged farmers to ask "What has the Republican organization which is now asking for my vote ever done for me?"

"The Republican machine," he told a Jackson Day dinner here last night, "has always been so sure of the farm vote that it hasn't felt any need to do anything for the farmer." Asking "who remembers when the Republican organization has ever recognized the farmer?" by naming one for governor and U. S. senator, Rice added:

"If Pennsylvania's farmers show in this election that they'll vote for a city manufacturer or a corporation lawyer for governor just because he is a Republican, rather than a fellow farmer, how much recognition do you think they can ever hope to get from a Republican organization?"

Rice, himself an apple grower, is backed by Democratic leaders for the nomination and opposed by Henry Arthur Morris, of Mahanoy City.

**MARINE PROMOTED**  
Richard L. Ogden, who is serving with the First Marine Division, 11th Marines, in Tientsin, China, has been promoted to private first class.

## Comdr. O'Kane Gets CMH

Comdr. Richard H. O'Kane of Dover, N. H. (right), receives the congratulations of President Truman after he had received the nation's highest military award, the Congressional Medal of Honor, during a ceremony on the White House lawn. Comdr. O'Kane was skipper of the submarine Tang. Lt. Commander Murray B. Frazee, Jr., was executive officer of the Tang under O'Kane. Later Frazee commanded a submarine in the Pacific war against the Japs. Commander O'Kane is the guest of Lt. Comdr. and Mrs. Frazee at their home in Bethesda, Md. The latter couple witnessed the presentation at the White House. Crippled veterans, on a sight-seeing tour of the capital, also witnessed the ceremony. (AP Wirephoto)

## HARRY ADAMS, EMMITSBURG, BADLY INJURED

Harry Adams, 10, son of Mr. and Mrs. Norman Adams, Depaul street, Emmitsburg, is reported in a serious condition at the Warner hospital today after being struck by an automobile Thursday afternoon at 4:30 o'clock on the bridge across Flat Run, at the northern edge of Emmitsburg along the Gettysburg-Emmitsburg road.

Maryland state police could not be reached today and the identity of the driver could not be learned.

Adams was pinned against the side of the bridge after a north-bound car had swerved to avoid striking Stephen Ellis, foster son of Mr. and Mrs. Donald Stoner, also of Depaul street, when he darted across the highway.

Adams suffered a fracture of his right thigh; a fractured ankle; multiple fracture of the pelvis; shock and contusions of the body.

The injured youth and three companions, Ellis, Woody Stoner, adopted son of the Stoners, and David Adams, brother of the injured lad, were engaged in fishing in Flat Run just before the accident occurred.

The Stoner youngster was also hit by the car and suffered brush burns of the face and back while some skin was torn from his leg. He was treated at the office of Dr. George H. Riggs, Emmitsburg.

### PAYS SPEEDING FINE

Willie Golds, Philadelphia negro, arrested Thursday afternoon by state police on a charge of speeding 80 miles an hour on the Lincoln highway east, pleaded guilty to the charge before Justice of the Peace John H. Basore, and was fined \$10 and costs.

### C.C. DIRECTORS TO MEET

A regular meeting of the board of directors of the Gettysburg Chamber of Commerce will be held Monday evening at 8 p. m. in the chamber's rooms in the Kadel building.

## LaSalle Sedan Stolen; Police Seek Two "Tough Looking" Men

A LaSalle sedan owned by Ray M. Hoffman, Howard avenue, was stolen Thursday night from in front of the borough council president's home and neither Mr. Hoffman nor two guests noticed that the car was gone for over an hour after it was stolen despite the fact that they had called police within minutes from the time that the car was stolen.

However, it was believed today that the presence of H. M. Oyler and C. E. Swisher at the home of Mr. Hoffman Thursday evening possibly prevented robbery of the Hoffman home.

Hoffman, Swisher and Oyler were talking at the Hoffman home when Swisher noticed a face at the door window. A few seconds later there was a knock. When Hoffman went to the door he saw what the three describe as "two of the toughest looking people we have ever seen." One, who was described as having a southern accent, asked whether they knew where some people named "Parker" lived. When told no one by that name lived there the men left.

Oyler decided to call the local police to investigate the "tough looking characters," saying, "Now we'll see how long it takes to get a policeman in this town." Three minutes later, by Oyler's watch, Borough Officer Paul Shearer knocked on the door. They told him of the incident and he searched about the place, but found no one. An hour and ten minutes later Hoffman and his guests left the house, Hoffman planning to drive Oyler and Swisher to their homes. He then discovered that his car had been stolen.

Police said today that a Biglerville woman reported that she saw a large sedan and coupe stop on the highway near Biglerville Thursday night and exchange license plates.

## RICE SECOND ON BALLOT; BREHM IS LISTED FIRST

Clarence C. Smith, chief clerk in the office of the county commissioners, announced today receipt of the official certification from Harrisburg of candidates' names to be placed on the spring primary ballots. The election will be held May 21.

Candidates for U. S. Senate put both the Democratic and Republican ballots. Joseph F. Guffey, Pittsburgh, is unopposed for re-nomination on the Democratic ticket. Governor Edward Martin, candidate for the Republican nomination, drew first place on the GOP ballot over Elizabeth Jordon, Pittsburgh.

Col. John S. Rice, Gettysburg, Democratic organization candidate for governor, drew second place on the ballot, with the name of Henry A. Morris, Mahanoy City, coming first. In the Democratic contest for representative in Congress, John W. Brehm, Gettysburg, is first and George G. L. Sichelstiel, York, is second. Congressman Chester H. Gross is unopposed for the GOP nomination.

### Duff In Top Spot

In the GOP three-cornered race for the gubernatorial nomination, the name of James H. Duff, Carnegie, will appear first on the ballot; Carl C. Mau, Marcus Hook, second, and John U. Shroyer, Shamokin, former secretary of highways, third.

The Republicans also have contests for lieutenant governor and secretary of internal affairs. John R. Cadwallader, Meadeville, drew first place in the former race, with Daniel B. Strickler, Lancaster, second. Secretary of Internal Affairs William S. Livengood, Somerset, is in first place for this office and J. Calvin Frank, Harrisburg, his primary election opponent, second.

The Republicans also have two candidates for member of the state committee. Chauncey J. Smith, McSherrystown, first, and Frank J. Slonaker, Gettysburg, second. Francis Worley, York Springs R. 1, is Republican candidate, unopposed, for member of assembly, and John W. Lucabaugh, Hanover R. 3, the unopposed Democratic candidate for this nomination.

Tomorrow at noon is the deadline for changes in registration.

## GIRL SCOUTS AT ANNIVERSARY TEA THURSDAY

Girl Scout Troops No. 2 and No. 3 of Littlestown observed the first anniversary of their organization with a tea and party Thursday night in the Girl Scout headquarters in the basement of the Littlestown National bank building. The troops were organized March 19, 1945, sponsored by the Woman's Community club of Littlestown and vicinity.

At last night's fete, the room was attractively decorated with a color scheme of green and yellow and the work done by the girls during the past year was on display. Six girls from the Senior Troop, No. 2, acted as hostesses, and were dressed in evening gowns. They were Margaret Stonesifer, Brenda Walker, Anna Mae Bish, Loyse Waltman, Jean Reck and Alma Reaver. The center piece of the table was a large birthday cake, donated by Weikert's bakery. It was decorated with one candle.

**Troop Activities**  
On display was one of the Friendship Bags recently completed and sent to girls in Greece, and a letter of thanks from the Greek Relief committee in New York. This was a project of Troop No. 3. The members of this troop are working on their second-class scout projects, and have completed eight of the ten required units.

Troop No. 2 is making an afghan, which will be presented to the Red Cross. This was also on display, as well as a number of other evidences of the girls' handiwork. Many parents and friends of the girls visited the headquarters during the evening, and helped them celebrate the anniversary. Piano music was furnished throughout the evening by members of both troops.

Troop No. 3 is an intermediate troop, composed of the younger girls. Mrs. LeRoy Bish is troop leader, and Miss Hildah Dutera, assistant. Troop No. 2 was reorganized this year as a Senior troop. Miss Miriam Geisler is leader, and Mrs. J. Ray Reindollar and Mrs. Charles Ritter, assistants. Under the guidance of these women, the Girl Scouts have had an active and enjoyable year. In addition to their other activities (Please turn to Page 5)

### Weather Forecast

Occasional light rain tonight and early Saturday; cooler Saturday.

Cotton dresses, sizes 9 to 15; 12 to 20. New battle jacket suits have arrived, see them at the Smart Shoppe, Harrisburg street.

## New Sedan Damaged In Crash; Driver Hurt

A brand new 1946 model Hudson sedan was damaged to the extent of about \$400 when it rolled over on the Abbottstown-Hanover highway a quarter mile south of Abbottstown at 9:20 o'clock Thursday evening. The driver, Charles E. Enck, 35, Harrisburg, escaped with a cut on the head and a back injury. He was treated at the Hanover hospital.

State police from Gettysburg investigated the accident and said that Enck was driving toward Abbottstown when his car ran off the right side of the road on a curve at the crest of a grade. When Enck swerved the car back onto the highway, it rolled over and came to a stop on its top.

Motorists who arrived at the scene soon after the crash removed Enck from the wrecked car and sent him to the hospital in the Hanover ambulance.

## NEW OXFORD HI BAND IS WINNER IN COUNTY MEET

The New Oxford high school band, Jay Brown, Fairfield, and Peggy Moul, East Berlin, were the victors Thursday evening at the county-wide contests of the county Forensic and Music league held at East Berlin high school.

Competition was held in only three events in the county program with New Oxford defeating Littlestown in the competition between Class C Bands. Brown, a student at Fairfield high school, won first place in the alto saxophone contest with an East Berlin contestant second. Miss Moul won first place in the alto solo division with June Coulson, Biglerville, second.

More than 300 attended the competitive program.

### To Enter District Contest

C. P. Keefer, Biglerville high school teacher, the county director, announced that in addition to the three victors Thursday evening, other contestants who were unopposed in the county will take part in the Southern district contest to be held at the William Penn. Senior high school at Harrisburg on April 13. Eleven counties, including Adams, are in the southern district, of which Hubert D. Strine, supervising principal of Spring Garden township, York county, is director.

Other county entrants in the district meet will be: bass trio, Fairfield high school; piano solo, Barbara Kleinfelter, Biglerville; flute solo, William Altland, East Berlin; xylophone, Florence Clark, New Oxford; mixed chorus, Class B, Biglerville high school; girls' chorus, New Oxford high school; boys' chorus, East Berlin; mixed chorus, Class C, East Berlin; girls' trio, Esther Musselman, Mary Hollabaugh and June Coulson, Biglerville; soprano solo, Esther Musselman, Biglerville, and baritone solo, Wayne Thomas, East Berlin.

All of the county schools with the exception of Biglerville are entered in the Class C contests while Biglerville will be in the Class B events, Mr. Keefer said.

## KINSEY WINNER IN PIC CONTEST

Members of the Gettysburg Photographic society voted Paul A. Kinsey first and second positions in the monthly display of prints at the society's March meeting Thursday evening at the Kinsey home.

Paul G. Pensinger took third place; Dr. Carl C. Rasmussen, fourth, and Maurice Stoops, fifth.

The members are accumulating a number of their photos showing historical, educational and industrial scenes about Gettysburg for submission to Look magazine for a Gettysburg feature in a future issue. All of the pictures for the collection are to be sent to the Pensinger home by Sunday evening.

A society guest, Charles A. Bowers, Jr., Cleveland, Ohio, a Gettysburg college student who did photographic work for the army during World War II, showed the group five volumes of war pictures on the history of the 8th Air Force. Clyde Lenhart, new local manager of the Metropolitan Edison company, was an additional guest.

The next meeting will be held April 25 at the home of Doctor Rasmussen.

### HOSPITAL REPORT

Kathryn Kail, McKnightstown; Mrs. Roy D. Renner, Littlestown; Mrs. Archie Starnes, Gardners R. 2; Mrs. Brosie Bible, Littlestown, and Miss Bertha McCarty, Carlisle, have been admitted as patients to the Warner hospital. Those discharged were Mrs. Charles Kozt, Emmitsburg R. 2, and Mrs. John Hauser and infant daughter, Jane Skinner, Biglerville.

### Good Evening

New Oxford band may be headed for another state championship.

## G. S. NUNEMAKER DIES THURSDAY IN WASHINGTON

Guy Smith Nunemaker, 66, former high official in a number of electrical power companies, and well-known electrical engineer, of Emmitsburg, died Thursday evening in Mt. Alto Hospital, Washington, D. C., of complications. He had been ill since 1928 of a fever contracted in the tropics and annually spent some time in hospitals seeking relief from his illness.

A veteran of the Spanish-American war in which he saw service in the Philippines, he had been among the first commanders of a native Filipino army organization. As a corporal of the 43rd Infantry in 1896 he had been given command of a small group of native Filipino constabulary which was the beginning of the world-famed Philippine scouts.

After retiring he returned to Emmitsburg where he became a clerk to the borough commissioners, tax expert and Emmitsburg correspondent for The Gettysburg Times. For the last several years however his ill health prevented him from continuing actively the duties he assumed after his retirement.

### Utility Builder and Executive

Born October 1, 1879, at the Nunemaker farm at Zora he was educated in the Emmitsburg public schools, Dickinson college and Union college, Schenectady, N. Y. From 1902 to 1915 he built street railways, power houses, transmission lines, and hydro-electric distribution systems for the General Electric company. He helped build the West Jersey and Seashore railway as an electrical engineer and the Baltimore, Washington and Annapolis electric railway.

Later he went to Mexico where he installed and operated power plants in rural Mexico. He had full charge of placing the installation at the Jamestown Exposition and later became connected with the Tennessee Power company at Chattanooga, Tennessee, installing power plants for it on the Tennessee, Ocoee and Little Tennessee rivers and becoming vice president of the concern. Later he was vice president of the Southern Cities Power company and president of the Columbia power company.

### Funeral On Sunday

A son of the late William Nunemaker, he is survived by his mother, Mrs. Emma Weddies Nunemaker and a sister, Miss Edythe Nunemaker, Emmitsburg. He was a member of the Methodist church of Chattanooga, Tenn.

Funeral services Sunday afternoon at 4:30 o'clock from the late home in Emmitsburg with the Rev. G. E. Wunder, pastor of the Emmitsburg Methodist church, officiating. Interment in Mountain View cemetery.

Friends may call at the late home from Saturday noon until the time of the funeral.

## Special Service In Presbyterian Church

A Preparatory service will be held this evening at 7:30 o'clock in the Presbyterian church with the Rev. Harry S. Ecker, Lower Marsh Creek Presbyterian pastor, in charge of the service. A meeting of the church session will follow the service.

The Spring Communion service, advanced from the regular date in April, will be held Sunday morning at 10:45 o'clock with the Rev. Mr. Ecker in charge. A number of persons will be received into church membership at the Sunday morning service.

## BULLETINS

Nuernberg, March 29 (AP)—Joachim von Ribbentrop testified before the International Military tribunal today that he warned Adolf Hitler before the war that the British people would "fight to the last man for the empire." He denied vehemently that he ever described Britain as "degenerate."

Washington, March 29 (AP)—The National Coal association said today there was prospect of an agreement to "avert a strike" of John L. Lewis' 400,000 soft coal miners at midnight Sunday.

New York, March 29 (AP)—A majority of the United Nations Security council, with considerable leadership from Secretary of State Byrnes, drove toward a showdown with Russia today over her refusal to take part in discussion of the Iranian case.

Washington, March 29 (AP) Chances for a one-year extension of the draft gained ground today as indications developed that the Senate Military committee will back such an additional lease on life for Selective Service.

INO SECURITY COUNCIL MUST ACT OR FAIL

By DEWITT MACKENZIE (AP World Traveler)

Gander, Newfoundland, March 29—Well, here we are grounded again in the battle we've been waging since last Monday night to reach New York by air from Paris. Gremlins—some folks claim it is—are interfering with radio communications, forming ice on wings, easing up visibility and playing her pranks which are far from amorous. More prosaic people attribute the radio interference to the northern lights and the fee to easterly weather which is staging a driving snowstorm outside the air headquarters in which this is being fitted.

Anyway we are stuck here in the north at one of the world's air bases, which was largely a re-employment of the World War and means as an aid to commercial traffic between the new world and the old. Several other planes are tied up here and the lounge is filled with a crowd of travelers from many countries.

Hopeful Development

There are, of course the inevitable ridge and gin rummy games going on and the two Englishmen can't move from their interminable game of chess. But for the most part the assemblage is broken up into small groups and if you move about among those with whom you have a speaking acquaintance you'll find that they are conversing about international problems.

One drew me into a discussion of the hot clash in the United Nations Security Council over the Russian-Italian imbroglio and we arrived at the conclusion that this was a most hopeful development.

That perhaps seems like a strange thought since the business of a peace league is to maintain peace, and yet it strikes me as a logical viewpoint.

Getting Down to Business

This showdown means that the council is getting down to real business. It means that the UNO intends to do what its predecessor, the League of Nations, failed to do. That is, to nip in the bud the threats to peace.

Either the United Nations deals with threats to peace quickly and finally without fear of personalities involved or it will follow the League of Nations as a failure. Such a failure would mean another world conflict in due course.

That's why your little international committee up here in Gander takes hope from the fact that the Security Council isn't running away from its obligation, even though it be an uncomfortable one.

SPEAKER LAUDS WORK IN GROUPS

"We are doing more things in groups than we have ever done before, and it is necessary for us to know how to get along with people," C. P. Lang, assistant state senior extension club leader told 100 members of the Adams County Senior Extension club and their parents and friends at the club's banquet Thursday evening at St. James Lutheran church.

"Those who have happy associations with others lead more enjoyable lives," Mr. Lang continued. Speaking on "How to Get Along With People," Mr. Lang said that "we need to inspire confidence, make others feel that they are important, and show that we can be relied upon."

Clair Heikes, Gardner, president of the Senior Extension club, presided and introduced County Farm Agent M. T. Hartman as toastmaster. Ira H. Dunmire, assistant farm agent, urged farm boys to "stay on the farm," and Miss Mildred Adams, county home economics representative welcomed the club members and their guests, gave reports on the year's activities, and expressed the hope that the banquet would be made an annual affair. Mrs. Crawford Withrow was pianist.

Allies Adopt

(Continued from Page 1)

coal output by 1949 would be 75 per cent of the 1936 peak.

4. Industries which have levels fixed for 1949 only, without providing for reparations should those levels be exceeded.

A statement issued by the council said the heavily-industrialized Ruhr would remain as part of Germany, at least temporarily. The French have demanded that it be internationalized or separated from Germany in some way.

RECOVERS FROM INJURIES

George H. Stull, 22, son of Mrs. E. A. Keener, Gettysburg R. 3, who was injured Tuesday morning in an auto crash at Hammon, N. J., was released from the hospital there Wednesday and is now visiting at his home here. His companion, Samuel S. Muffill, 20, Pleasantville, N. J., also stationed at the Philadelphia Naval Base, remains a hospital patient. Stull's car was damaged beyond repair when it hit a tree while Muffill was driving.

Social Happenings

Phone Gettysburg 640 or Biglerville 8

Dr. and Mrs. J. A. Hargleroad, Harrisburg, are spending a brief time with Mrs. Hargleroad's parents, Dr. and Mrs. R. S. Saby, Carlisle street.

Lt. Cmdr. and Mrs. Murray B. Frazee, Jr., Bethesda, Md., will spend the week-end with their parents, Mr. and Mrs. Murray B. Frazee, Howard avenue, and Mr. and Mrs. J. Donald Swope, West Broadway.

Mrs. Earl E. Zeigler entertained the members of the Culvert club Thursday evening with Mrs. Paul Ramer and Mrs. Wilbur Plank as additional guests. The next meeting will be held in two weeks with Mrs. Wilmer E. Roth, Carlisle street.

Mrs. Mervin U. Bream, North Stratton street, has returned after a visit with her daughter, Miss Coetta Bream, a student at Rider college, Trenton, N. J.

Included in a group of men who will attend a meeting of the sub-regional division of Veterans' Administration guidance centers of Franklin and Marshall, Penn State and Gettysburg colleges in Harrisburg Saturday morning will be Prof. Charles E. Wolfe, director of the Gettysburg college veterans' administration guidance center; Henry Kogler, chief psychiatrist; Dr. William O. Duck, vocational appraiser; Kenneth Terry, also vocational appraiser; John Wilson, chief of vocational advisement; Cecil Denning, training officer, and Mrs. Griffin, hostess secretary of the veterans' office here.

Harry A. Spangler, F 2/c, son of Mr. and Mrs. Russell M. Spangler, Gettysburg R. 4, who has completed the EM school at Great Lakes, has gone to the Gyro compass school of the navy at Brooklyn, N. Y., after spending a seven-day leave at his home.

Mr. and Mrs. C. F. Heagey, Toms River, N. J., and Miss Ruth Heagey, and Mr. and Mrs. Earl W. Heagey, Jr., Baltimore, spent last week-end at the home of Mr. and Mrs. Earl Heagey, North Stratton street.

Mrs. A. J. Loew, Mrs. A. J. Limbacher, Mrs. Clinton McDonald and Mrs. Albert Parlat, Pittsburgh, and Dwight Klingensmith, Akron, O., were guests last week-end of the Bowes and Fellenbaum families, Lincolnway east.

Mrs. O. G. Beckstrand has returned to her home at Fort Wayne, Indiana, after a week's visit with her parents, Dr. and Mrs. A. R. Wentz, Seminary campus.

Miss Helen Keefauver, a member of the teaching staff of the Doylestown high school, will spend the week-end with her parents, Dr. and Mrs. Lloyd C. Keefauver, Springs avenue.

Mrs. Raymond E. Menges and daughter, Kathy, and son, Duffy, Seminary avenue, and Mrs. Paul Fox and daughter, Shirley Ann, Gettysburg R. D. spent the day in York.

The Tampas club will meet Saturday evening with Prof. and Mrs. George R. Larkin, North Stratton street.

Mrs. H. B. Bender, Baltimore street, accompanied by Mrs. J. Milton Bender and her son, Harry Bender, Carlisle street, visited her daughter, Miss Louise Bender, who is recovering from an operation at Union Memorial hospital, Baltimore, today.

Mr. and Mrs. Fred K. Schwartz, Carlisle street, motored to Worthington today where they accompanied Mrs. Schwartz' father and aunt, J. H. Alexander and Miss Lydia Alexander, who had been with them over the winter months. Mr. and Mrs. Schwartz are remaining in Worthington for a week-end visit.

Next Bookmobile Route Is Given

Miss Kathryn Oller, librarian of the Adams County Free Library association, will begin next Monday her second round of visits with the new bookmobile to the rural schools of the county. A schedule has been drawn up for eight trips each month on Mondays and Tuesdays. The schedule for next Monday and Tuesday is as follows:

Trip No. 1, first Monday of each month; Schriyer's Corners (Kook-en's), Good Intent, Woodside, Heidelberg, Whitcomb's View, Two Churches, Mechanicsville, Victory, Round Hill, Hampton, Oakwood, Hunterstown and Fairview.

Trip No. 2, first Tuesday each month; Round Top, Willow Grove, Horner's, Hoffman Orphanage, Oak Grove, Mt. Vernon, Centennial Hall, Moritz's, McCurdy's, McIlhenny's McCleary's and Pitzer's.

LEGION TO MEET

A regular meeting of the Albert J. Lentz post of the American Legion will be held Monday evening at 8 o'clock according to notices sent out by Adjutant Harry D. Ridinger. The notice also urged members to inspect the newly purchased Stoner property which the Legion has purchased to use in expanding its present home.

FUNDS POUR IN TO RED CROSS OFFICES HERE

Headed by a \$200 contribution from the Knouse Corporation, Peach Glen, donations to the Adams County Red Cross fund campaign today reached \$9,143.41, approximately two-thirds of the quota of \$14,050. The house-to-house campaign will end Saturday and it is believed by local chapter officials that contributions in the hands of solicitors which have not as yet been turned into the county office will push the drive over the top by the end of the week.

H. Earl Pitzer, chairman of District 3, Upper Adams county, Thursday turned in \$1,303.95 additional from that section, bringing to \$2,580.45 the amount donated so far by the upper counties. Mr. Pitzer said that the report was not complete and that additional sums are still to be collected in the upper section. Of the amount turned in Thursday afternoon, \$877.95 was from Arendtsville.

Full reports from Fairfield, East Berlin, McSherrystown, Littlestown, and New Oxford were awaited today by the Red Cross with those sections still unreported other than for small amounts that have been brought in by individual collectors to the county office. It was hoped that those sections alone have raised almost enough to put the county over the top.

List Contributors  
In addition to the \$200 gift by the Knouse corporation, Mr. Pitzer announced \$100 gifts from M. E. Knouse and Rice, Trew and Rice.

The Red Cross office also reported \$50 donations by the Hotel Gettysburg company and by Henry M. Scharf and family. Mrs. A. E. Rice gave \$35 and the \$25 donations included those by the King's Daughters class of the Trinity Lutheran Sunday school, Arendtsville, St. Paul's Lutheran Sunday school, Biglerville; Mr. and Mrs. Elmer Yoder, Dr. and Mrs. M. T. Dill, Dr. and Mrs. A. R. Wentz and Mrs. E. S. Lewars.

Twenty dollar amounts were received from Dr. and Mrs. Bruce N. Wolff and Mr. and Mrs. John D. Teeter. The Arendtsville National bank gave \$15.

Ten dollar donations were received from the following: Mr. and Mrs. Paul Weaver, Mr. and Mrs. Ira Pitzer, Mr. and Mrs. Earl Trostle, Mr. and Mrs. W. L. Oyler, Rev. and Mrs. George Berkeimer, Mr. and Mrs. Wm. G. Kane, Mr. and Mrs. Harvey Raffensperger, Dr. and Mrs. Raymond Hale, Mr. and Mrs. W. A. Raffensperger, Mr. and Mrs. Paul Pitzer, Mr. and Mrs. Charles L. Taylor, Mr. and Mrs. G. F. Smith, Mr. and Mrs. Cameron Hoffman, Mrs. H. C. Lady, D. M. Hoffman, Zeigler Brothers, The Volunteer S. S. class, St. Paul's Lutheran church, Biglerville, Mr. and Mrs. Glen Knaub, Rev. and Mrs. E. W. Brindle, Mr. and Mrs. A. E. Rice, Jr., Mrs. Daniel Wolff, Dr. Carl C. Rasmussen and Dr. Harry F. Baughman. Dr. H. D. Hoover gave \$8 and Mrs. D. B. Lady, \$6.50.

Three Meetings Of Adult Food Groups

Miss Mildred Adams, home economics representative, will visit only three places on her itinerary next week. Adults foods will be discussed. Her schedule includes Conewago. Mrs. Robert Krug, on April 2 at 1:30 p. m. and Hampton, Mrs. George Gordon, on the same date at 7:30 p. m. and Granite Station April 4, at 7:30 p. m., Mrs. G. M. Starnier. Miss Adams is scheduled to be in her office at the court house other days of the week.

MARRIAGES LICENSES

Marriage licenses were issued at the court house today to Wilbur Howard Waybright, son of Mr. and Mrs. Howard Waybright, Gettysburg R. 1, and Miss May Jane Crabb, daughter of Mr. and Mrs. Gilbert Crabb, Gettysburg R. 4, and to Malcolm Eugene Spalding, son of Mr. and Mrs. Harry A. Spalding, Gettysburg R. 1, and Miss Sarah Anna Kuhn, daughter of Mrs. Alda Ruth Kuhn, Gettysburg R. D.

day afternoon from the late home with the Rev. A. A. Kelly officiating. Interment in the Keysville cemetery.

Friends may call at the late home from Saturday noon until the time of the funeral service.

DEATHS

Mrs. Mary L. Valentine  
Mrs. Mary Lucretia Valentine, 86, died at her home, Emmitsburg R. 2, Thursday evening at 6:30 o'clock from complications.

A daughter of the late William and Mary Kane Mort, she was married twice. Her second husband, the late Henry Albert Valentine, died some time ago. She was a member of the Keysville Lutheran church.

Surviving are seven children, Charles B. Welty, Westminster; Mrs. Frank Weant, Ohio; Harry C. Welty, Taneytown; Mrs. Harry B. Fleagle, Westminster; James E. Welty, Emmitsburg; Miss Virgie L. Valentine, at home; and Mrs. Lester Troxell, Detour, Md., nine grandchildren and four great-grandchildren. Also surviving are a brother, John E. Mort, Illinois, and two sisters, Mrs. Emma Redman, California, and Mrs. Minnie Hefestay, Harney. Funeral services at 2 o'clock Sunday.

Upper Communities

Dr. and Mrs. P. J. McGlynn, Biglerville, were visitors in Harrisburg Thursday.

The Biglerville high school Girl Reserves held a spring party Thursday evening at the high school building. Forsythia and other spring flowers were used in decorating. The evening was spent in playing games and dancing. The refreshment committee included Janet Yohe, Jean Bricker and Don Logan; games—Virginia Blocher, Dorothy Black, Virginia McCarthy, Marie Schachle and Joyce Kuhn; decorations—Miss Basehoar, Louise Stoner, Janice Starnier and Delores Kapp; cleanup—Virginia March, Arlene Sanders, Theola Logan and Betty Unger.

Mr. and Mrs. Merritt Rouzer, of Guernsey, have sold their milk route to P. M. Bupp, of Hanover, who operates the Lonce Dairy.

Donald Shetter, of Biglerville, was a recent visitor with Lt. J. Underwood at the Bureau of Naval Standards in Washington, D. C.

Mrs. Clarence Ecker, of Heidlersburg, visited in Hanover Tuesday.

Mr. and Mrs. Willis Weikert, of Hagerstown, announce the birth of twin daughters on March 21. Mrs. Weikert was formerly Miss Melva Roth, daughter of Mr. and Mrs. Edwin Roth, of Biglerville.

The name of Jeffrey Griest appears on the Honor Roll at the Severn School, Severna Park, Maryland, for the present term. He is a son of Mr. and Mrs. Frederic E. Griest, of Flora Dale.

Myles Weikert, of Table Rock, and Russell Mummert, of Biglerville, were on a business trip to York Thursday.

The Rev. and Mrs. Paul Lantz and daughter, of Biglerville, are spending several days in Middlebury, Indiana.

Miss Helen Lower, of Cynwyd, is spending a spring vacation at her home at Table Rock.

Mr. and Mrs. Charles Reed, of Biglerville, were visitors in Harrisburg Tuesday.

Mrs. James F. Andrews, of Mt. Pleasant, has concluded a visit with her son-in-law and daughter, Mr. and Mrs. Jack Clinch, of Biglerville.

Mrs. C. B. Lindtved, of Carlisle, visited with relatives and friends in Biglerville, Thursday. Her son, Lt. John G. Lindtved, U.S.N.R., and his wife, are expected to arrive from the west coast within a few days and will spend several weeks visiting in the east.

"Being Popular with the Right Crowd" will be the topic for discussion at the Sunday evening meeting of the Biglerville High School Christian Endeavor society which will be held at St. Paul's Lutheran church. Miss Mary Hollabaugh will serve as leader.

Arendtsville

Mrs. Hanson Heckenluber was hostess to the Clover Leaf club on Thursday afternoon.

Mrs. Eva Rexroth returned Thursday from a vacation trip to Florida. She was the guest of Mr. and Mrs. Charles Zeigler, her brother-in-law and sister, who have been spending several months at Holly Hill.

Charles S. Longsdorf, York, spent Thursday with his brother-in-law and sister, Mr. and Mrs. H. S. Raffensperger.

The Grace Yeiser Missionary society of the Trinity Lutheran church will meet Monday evening at the home of Mrs. Arthur Dear-dorf.

Mr. Zimmerman, of Washington, D. C., visited Wednesday at the Dome home here.

Rev. Nevin R. Franz will preach in the Trinity Lutheran church Sunday evening at the fourth of the Community Lenten services.

APPREHEND ESCAPEE

Robert Brownlie Trikha, 25, of Pitsburg, Pa., said by borough police to have escaped six weeks ago from the Woodville mental institution, was picked up on center square at 1:15 a. m. today, and is being detained in jail here pending arrival of Woodville authorities.

COMMITTEE MEETING

A meeting of the Child Welfare Advisory committee will be held Tuesday evening at 8 o'clock in the agency room in the Murphy building. Plans will be made for the annual spring-dinner meeting. A report of the committee on securing a second worker will be made. All members are urged to attend.

GUEST PREACHER

The Rev. Walter H. Lehman, Chambersburg, will be the preacher Sunday morning at the regular worship service at the Mummusburg Mennonite church, the Rev. Amos W. Myer, pastor of the church, announced today.

More than half of the population of Peru are Sierra Indians.

thanks for their loyalty to the association.

Mrs. Ira Henderson, Fairfield, who attended some of the sessions of the convention in Atlantic City, spoke to the group briefly and said that the big problem of the convention was the understanding of the purpose of the YWCA. She also said that there was much discussion concerning the changing of the name from Christian association to religious association.

Mrs. Walter H. Danforth was in charge of the devotional period at the opening of the program. The tables held costumed dolls of every nation while the speakers' table held a replica of the UNO headquarters with small flags of every nation.

Members of the membership committee planned the dinner and included Mrs. Gresh, chairman; Miss Maude Whiteleather, Mrs. Lloyd C. Keefauver, Mrs. Charles Ogden, Miss Mildred Moser, Miss Martha Furney, Miss Jeanne Spangler and Mrs. Harold J. Pegg.

FOUR DIRECTORS

(Continued from Page 1)  
compulsory military peacetime training; the control of the atomic bomb by a civilian committee working with the military; increasing foreign trade; higher standards of living; the improvement of the Child Labor laws; the end of discrimination against minority groups; the cessation of all immigration except for an emergency quota of Jews from Europe and the elimination of prostitution.

Mrs. Steigelman, who, earlier, sang the increasingly popular song, "What Is America to Me?" also told of the World Fellowship program which is being developed by the national association.

The meeting followed the turkey dinner served by the Girl Reserve groups of the local "Y." The roll call showed members of the "Y" were present from Arendtsville, Biglerville, Fairfield and Gettysburg. Representatives were also present from the groups affiliated with the "Y," as the Business and Professional Women's and the Annie Danner clubs. The president called for reports of the officers and chairmen of committees.

Mrs. Fox, treasurer, reported on the moneys of the organization from February 1, 1945, to December 31, 1945. Starting with a balance of \$1,676.13, the receipts for those 11 months amounted to \$6,258.12, and included \$2842.12, the result of the drive last year; and \$1,372.50 from the local Rotary club, which holds weekly dinner meetings there. Total expenditures during that period of time amounted to \$5,301.84, and included \$2,504 for U. S. bonds; \$845 for Rotary dinners; \$555, house-keeper; \$298 for office secretary; \$182 for heat and \$146 for upkeep and repairs. Mrs. Fox reported a balance of \$956. She reported a balance of \$240 in the savings account after \$500 had been withdrawn for a bond. Under investments, \$5,075 was listed as the accrued value of U. S. Treasury bonds.

Hear Reports  
Miss Sarah Jane Maust, recently retired president of the Business and Professional Women's club, presented a review of activities of her group during the past year. Mrs. Charles Lawver, of the Annie Danner club, reported for her group of 14 members. Miss Ruth Dougherty is now president of the group.

Mrs. Fred Troxell, in reporting for the Girl Reserve activities, stated the groups were re-organized last October 1, and told of their work. She announced Miss Olga King recently organized a group of 10 colored girls who are now holding regular meetings at the Y and are studying the rules of the association and how to conduct a meeting. Mrs. Troxell also stated that the Biglerville Girl Reserves have been very active in their own community.

Mrs. Guyon E. Buehler, finance chairman, stated in her report that the drive, which ended last week in February, netted the organization \$2,957.40, which is the largest amount ever reached in a "Y" drive for funds. The goal was \$2,200.

Mrs. Ralph R. Gresh, chairman of the membership committee, told of compiling a correct list of members of the organization. Mrs. John D. Teeter, Rotary committee chairman, reported that it was necessary on occasions, to employ a cook and dishwasher for the weekly Rotary dinners and that the meals are served each Monday night by the various Y groups. Mrs. Wayne Keet, house committee chairman, told of cleaning the attic and selling unwanted articles for \$106 which amount has been set aside for repairs and improvements as soon as wanted materials are available. She acknowledged gifts of a hall table from Mrs. J. P. Dalbey, Gettysburg, and rugs for summer use from Mrs. Luella Arnold, Biglerville. Miss Margaret E. Myers, library chairman, stated that most of the books had been turned over to the Adams County Free Library association.

Mrs. Wentz Reports  
Mrs. Wentz's report included announcements of resignations and appointments during the past year and paid grateful tribute to Mrs. Florence Grindler, who has been serving in a secretarial capacity for some time. She also spoke of future hopes for the welfare of the organization. She especially thanked the Business and Professional Women's and Annie Danner clubs for their courtesy to her during her three years in office.

She said that the "gracious gift" of Mrs. Luella Musselman Arnold, Biglerville, for an executive director, gave the entire association new hope for carrying on its usefulness.

Thank Officers  
Mrs. Richard A. Brown, who had served as temporary chairman of three various committees during the year, gave her reports.

Mrs. Hugh C. McIlhenny, as chairman, Miss Ruth Bushman and Mrs. Robert Fortenbaugh, tellers for the election of a new board of directors, reported results of the balloting.

Mrs. Wentz and the secretary for the past three years, Mrs. C. C. Rasmussen, were given a rising vote of

## SOFTBALL LOOP IS ORGANIZED; 10 TEAMS JOIN

Ten teams joined the Community softball league at a reorganization meeting Thursday evening at the engine house.

The following teams were represented and joined the circuit: Come store, Veterans of Foreign War, West End, Ice and Storage, A. P. store, Varsity Barbers, State Highway, State Guard, Elks and War Mappers.

Membership to the league will be open until the next meeting Tuesday evening, April 9, at 7 o'clock at the engine house after which no more teams will be admitted.

### Choose Officers

William McClell was elected president of the new organization and George Gorman was named secretary-treasurer.

It was decided that a maximum of 15 players will be permitted on each team's roster. It was also decided that each team will be required to post a \$5 forfeit at the next meeting. In the event of a team dropping out of the circuit during the campaign all remaining games in its schedule will be forfeited.

After unanimously voting in favor of Daylight Saving Time, it was voted to set the tentative starting date of the league for Monday, May 13.

### Three Fields

Three playing fields have been made available. Gettysburg college has permitted use of the field west of the Mummansburg road and north of Broadway and the Gettysburg Recreation Board decided at a meeting Thursday afternoon to allow the old baseball field to be used two nights a week. The third field offered is a new one being built by the State Guard unit at the Armory on West Confederate avenue.

The league is making an appeal for any kind of equipment such as bats, balls and gloves, due to the extreme difficulty in securing such equipment. An appeal has also been made for umpires to make known their availability to league officials.

## Dickinson Cards Seven Grid Games

Carlisle, Pa., March 29 (P)—The Devil Gridgers of Dickinson college today carded a seven-game schedule for the 1946 season, resuming competition for the first time since 1942.

They meet Lehigh at home in the opener on October 5. Other games include Susquehanna, October 19, at home; Washington and Jefferson, October 26, away; Swarthmore, November 2, away; Drexel, November 9, away; Western Maryland, November 16, at home; Allegheny, November 23, at home.

## 'Rocky' Graziano To Meet Servo Tonight

New York, March 29 (P)—Rocky Graziano, the ring's newest "killer" who loves to knock out welter-weight champions, gets his chance at Marty Servo, the new 147-lb. boss, in a 10-round non-title affair at Madison Square Garden tonight.

A sellout crowd of close to 19,000 persons who already have paid around \$170,000 at \$20 tops will sit in on this expected-to-be torrid affair between the Brooklyn cloutier and the baby-faced lad from Schenectady.

The gross is a record for other than heavyweight scraps at the Garden and should boost Promoter Mike Jacobs' take for 13 shows this year to over \$1,000,000. Graziano is a 5 to 6 favorite.

## MAN O'WAR IS 29 YEARS OLD

Lexington, Ky., March 29 (P)—Through the mythical hour glass of time, the sands of another year began flowing today for Man O'War, aged equine nobleman and pride of the blue grass country.

But as "Big Red" became 29 years old—the equivalent of almost a century in the life span of a human being—things just weren't the same for the great thoroughbred.

Even as he was being displayed at Samuel D. Riddle's Faraway farm near here, "The Man" seemed to sense there was something missing. And there was.

Will Harbut, "Red's" negro groom for 16 years whose line of chatter about the horse had been heard by thousands of fans, was bedridden at his home "down the road apiece."

Man O'War's retirement, however, is virtually complete at Riddle's farm near where he was foaled on March 29, 1917, and he is exercised only for about three hours daily. He is still restless and, at times, romps like a youngster.

"Big Red's" health is still excellent in view of his age.

Man O'War was retired from the turf as a three-year-old after winning 20 of 21 races in which he started. He left the stud four years ago and among the 357 sons and daughters he sired were War Admiral and Clyde Van Dusen, Kentucky Derby winners, and War Relic.

## Greenberg Off To Slow Start

Lakeland, Fla., March 29 (P)—Hank Greenberg, the belted beauty of 1945 whose big bat put the Detroit Tigers into the World Series and the Chicago Cubs out of it, is far from his old impressive self this spring.

Many who have seen the slow-footed 35-year-old Greenberg stretch his aging legs and arms around first base this spring are convinced that Hank's position will be the weakest in the Tiger lineup when Detroit opens defense of its American league flag April 16. All this despite the fact that the big fellow is working for an estimated \$60,000 pay check. His batting average of .184 in his first 15 exhibition game appearances means only nine hits—seven singles and two unimportant doubles—in 49 times at bat.

Manager Steve O'Neill, who insists that "Hank will do all right out there; don't worry about that guy," gave Greenberg three days off at his own request this week in the hope of straightening out his hitting eye and timing.

## PUBLIC SALE

Of Valuable Real Estate  
TUESDAY, APRIL 9, 1946  
The undersigned Attorneys-in-fact for the heirs of John H. H. Millar, deceased, will offer at public sale on Tuesday, April 9, 1946, at 2:30 o'clock, p. m., on the premises, situate two and one-half miles northwest of New Oxford in Straban township, Adams county, Pennsylvania, along the road leading from New Oxford to the Pines church, the following:

Valuable farm situate in Straban township, Adams county, Pennsylvania, containing 109 acres, more or less, improved with a one and one-half story house, electric lights, large bank barn, two implement sheds, chicken house, spring house, pasture land with running water, lot of heavy timber. Said farm adjoins land of John Z. Miller, Harlow, Ray Bentzel, Ralph Costella, Merle Reese and others.

The terms and conditions of said sale will be made known at the time thereof by the undersigned.

MENGES C. MILLAR and WM. F. MILLAR, Attorneys-in-fact.

Charles Rinehart, Auctioneer.  
J. F. Yake, Jr., Attorney.

## YANKS LOOK HOT AT TOUR'S START

Tampa, Fla., March 29 (P)—If ever a ball club looked ready to run away with a pennant race it is the New York Yankees as they break camp at St. Petersburg today and strike out on the exhibition tour that will take them through seven states, including Texas, on their way north.

Once again Joe McCarthy, perhaps the most skilled of all the managers, has a great club at his command, strong from stem to stern, and once again the American league is due to find the combination unbeatable. This observer's best guess is that the Boston Red Sox will finish second, the Detroit Tigers third and Washington fourth, ahead of Cleveland.

The St. Louis Browns, still afflicted with a serious holdout in shortstop Vern Stephens, do not look strong enough to break into the league's "big five" though it is only two years since they won the flag. Their crop could be compared to that of the Tigers. The Chicago White Sox should be able to beat the Philadelphia Athletics to the seventh spot.

## Sport Shorts

Villanova, Pa., March 29 (P)—The Wildcats of Villanova college open their 1946 baseball season April 3 here against Loyola college of Baltimore. The Maryland school replaces Valley Forge General Hospital on the Villanova schedule. The Medics said they would be unable to field a team because of the speed of military discharges.

Langhorne, Pa., March 29 (P)—Auto racing at the Langhorne speedway opens May 26 this year. Owner James Frattone announces. He said the American Automobile Association also approved June 30, August 11 and October 13 for other racing dates with a national championship run scheduled on June 30.

Bellefonte, Pa., March 29 (P)—Old Brown Beauty is dead. He's a 27-pound, 35-inch brown trout believed by State Fish Commissioner Charles A. French to be the world's largest. The fish lived at least 15 years at the Pleasant Gap fish farm in Centre county. "I doubt the existence of a brown trout anywhere to equal that size," said French in commenting on Brown Beauty's death.

Harrisburg, March 29 (P)—Succeeding Yans Wallace, of Pittsburgh, Dr. Frank Maguire, of East Stroudsburg, today served as the newly elected president of the Pennsylvania state board of nationally approved basketball officials.

## Little And Ferrier Lead At Charlotte

Charlotte, N. C., March 29 (P)—Lawson Little who, by the way, isn't, and Jim Ferrier, another husky, were the men to catch as the Charlotte open golf tournament swung into its second round today.

They cracked par by six strokes with opening round 66's yesterday to take a two-stroke edge over their nearest rivals as the \$7,500, four-day tourney got under way over the rain-drenched 6,410-yard Myers Park club course.

Vic Ghezzi, the Knoxville, Tenn., pro had to be content with a one-third share of third place with Chick Harbert, of Detroit, and Pete Cooper, of Gainesville, Fla., with 68's.

The seven 69 shooters were headed by Sam Snead, Hot Springs, Va., fireball, winner of the Greensboro and Jacksonville opens in his last two starts.

Mexico has 28 states, two territories and the federal district (Mexico City and 11 surrounding villages).

## Sports Roundup

By HUGH FULLERTON, JR.

New York, March 29 (P)—The Brooklyn Dodgers of the All-American football conference will have a theme song—appropriately called "The Brooklyn Dodgers"—authored by Benny Benjamin, whited of "O What It Seemed to Be" and "I Don't Want to Set the World on Fire." . . . That leaves the field wide open for side remarks from National league circles. . . . The race tracks are safe from the atomic bomb for 15 years. Mrs. Elizabeth Graham, who got in first with an application for that name, has changed her mind at \$100 a change and now calls the colt Admiral General. According to the rules a name once granted can't be duplicated for 15 years. . . . The National association of professional baseball leagues had an \$800 telegraph bill for one month on wires sent to Durham, N. C., about waivers.

## SPRING VACATION

Earl Hilligan, the American league publicist, was talking to league President Will Harridge in a Sarasota, Fla., hotel recently when Umpire Jim Boyer came along. . . . Earl was caught off base by a strong resemblance and tried to introduce Boyer to his own boss as "Gerry Moore of the Boston Globe." . . . The ump gave Hilligan the thumb act and stated solemnly: "You, Hilligan, are out for the season."

## ONE-MINUTE SPORTS PAGE

Greg Rice has authorized a pamphlet on distance running for the New York A. C. youth athletic council. . . . Boston college, where the enrollment dropped under 300 during the war had an initial turnout of 71 for spring football practice the other day. . . . Best story of the recent Madison Square garden basketball tournaments concerns the visiting Athletic director who bought a lot of tickets for alumni and friends. The eager old grads accosted him in a hotel lobby to get their share and the Athletic director was promptly picked up for "scalping." He had a heck of a time explaining it.

## Training Camp Briefs

Orlando, Fla., March 29 (P)—The Washington Senators have decided on ten of the 12 pitchers they will carry this season—Roger Wolf, Dutch Leonard, Sid Hudson, Mickey Haefer, Walter Masterson, Marino Pieretti, Ray Scarborough, Maxie Wilson, John Niggeling and Vernon Curtis.

Miami Beach, March 29 (P)—First-Baseman Frank McCormick, purchased by the Phillies from Cincinnati during the winter, doesn't need an operation on his back, doctors at Baltimore's Johns Hopkins hospital report. Manager Ben Chapman said he was told not to work McCormick "too hard for several days."

## HOMESTEAD TO PUT HOPES ON 4 JOHNS, DON

By ROBERT K. MOORHEAD

Homestead, Pa., March 29 (P)—Homestead high school, battling Allentown in Philadelphia tomorrow night for the PIAA class A basketball championship, will stake its chances on the "four Johns and a Don" who brought the school 27 victories in 27 starts.

The "Don" is the ace of the outfit. He is Don Asmonga, six-foot guard and high scorer with 317 points.

The "Johns" who make up the rest of the varsity also have contributed generously to the team's season total of 1,081 points against 738 for the opposition.

John Kelly's total is 178. John Beechum is next with 164. John Soboginski had made 154 and John Manning, 118.

Seek 3rd Title  
The victory trial of the unbeaten Steelers runs through 10 tough Monongahela valley opponents in district 6 of the Eastern Pennsylvania Interscholastic League, the WPIAL (PIAA district 7) tourney, and the elimination series for the PIAA western regional championship.

Many of the Steelers' victories were close, like their 35-30 win over Sharon for the WPIAL crown; others were as easy as their 44-13 triumph over Warren for the right to meet Allentown in the state finals.

Coach of the Homesteaders is Charles R. (Chick) Davies, former Duquesne university floor mentor. It is the first time in his three years at the Monongahela valley school that his team has won the WPIAL title.

In previous years, Homestead won state championships in 1924 and 1939, and copped WPIAL flags in 1924, 1929 and 1939 and shared the honors with Monessen in 1923.

West Palm Beach, March 29 (P)—This is how the Philadelphia Athletics expect to lineup on opening day, with the exception of the pitcher: Ford Garrison, Vern Benson and Sam Chapman in the outfield; George McQuinn, 1b; Irv Hall, 2b; George Kell, 3b; Jack Wallaesa, ss, and Buddy Rosar, c.

## Bisons Qualify For Calder Cup Finals

(By The Associated Press)

It will be the Buffalo Bisons vs. either the Pittsburgh Hornets or the Cleveland Barons in the final best-of-seven series for the Calder cup in the American Hockey league playoffs.

The Bisons, eastern division champions, qualified for the finals last night by beating Indianapolis, western division winner, 4 to 2, before 10,302 at Buffalo. The victory gave the Bisons the best-of-seven series, four games to one.

Pittsburgh beat Cleveland, 6 to 5, before 5,500 at Pittsburgh to deadlock their best-of-three semi-final series at one game apiece. The third and deciding game will be played at Pittsburgh Saturday night.

## SMOCK STUDIES ROAD PROGRAM

Harrisburg, March 29 (P)—Ray F. Smock, an orphaned farm boy who came up the hard way through the construction industry to become Pennsylvania's Secretary of Highways, is having the Commonwealth's \$100,000,000-a-year road program re-studied today to match requirements against resources.

The 48-year-old executive, moved over from deputy secretary after Governor Martin dismissed John U. Shroyer from the cabinet post for "disloyalty," explains "it's the Martin program" and he's behind it all the way.

"But we're faced with this fact: For the same amount of money today, you can only build about six

## Just Folks

By Edgar A. Guest

### "TAKE-HOME-PAY"

What are we after day by day,  
Each of us working for? "Take-home-pay."  
Everything told in a three-word phrase!  
Bankers and merchants and writers  
of plays,  
Clerks and accountants, one and all;  
Drillers and doctors; big men and small  
Working to get in their chosen way  
The money some speak of as "take-home-pay."  
Waiting for checks or at windows  
small,  
What are we seekers of, one and all?  
Frocks for little girls, shoes for feet,  
Music lessons and bread and meat;  
Dresses and ribbons and silver and glass,  
Fires till the blizzards of winter pass,  
And something to save for the rainy day  
All gathered together as "take-home-pay."

Stripped of the taxes and dues and fees  
(And life would be grim were it not for these)  
What's left is the family's, young and old;  
The purpose for toiling, it truth be told;  
The reason that's back of man's boldest scheme;  
Why men brave hardship and cling to a dream;  
Keep faith with their fellows and steadfast stay,  
All, all for the joys in their "take-home-pay!"

## Today's Talk

By GEORGE MATTHEW ADAMS  
NEAR TO THINGS

We are always near to things, both important and unimportant, but in this relation often the simplest things are as important as big things. It's how each fits into the pattern of our lives. We are, of course, influenced most by the near, familiar things, whatever they may be. The friend, or human acquaintance, of whom we see the most, and with whom we have the most intimate relationship, unconsciously influences us more than we suspect. We are, in fact, a part of the very work of that one whose service is rendered to us. We are, indeed, a part of the thoughts to which we listen, the moment that they meet our own in a harmonious blending. We are akin to greatness, as John Drinkwater suggested in his fine play "Abraham Lincoln" through the Chronicle, the moment that we appreciate greatness. Those elements that fashion greatness, are to be found in us all. We rise to them, as they are magnified before our spiritual vision.

"Virtue," said Confucius, "does not remain as an abandoned orphan; it must of necessity have neighbors." We seek out and wish to be near those things and those human beings that meet us most on common ground. The naturalist seeks the wild, and all its fascinating, endless attractions, and he is never far from any of them. Likewise, we in our daily lives seek out the ideas, the books, the companions that most nearly fit us on intimate terms.

The lover of books is never so happy as when alone with his favorites. And so the lover of human beings is never so happy as when engaged in intimate service to them. We are nearest to God when we are nearest to the things which He created for our profit and enjoyment. Truth, beauty, worth—clinging! That is why it is so important to get near to them, and stay there.

Those who now hate war most are those who were in it, experiencing all its filth, degradation, futility, and ingloriousness. Had the great nations of the world stayed near to that righteousness that "exalteth a nation," the world would not now lie tragically wounded, filled with fear, and so deadened in spirit.

Tomorrow Mr. Adams will talk on the subject: "Ten Good Books."

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times

FIFTEEN YEARS AGO

Miss Ella Hershey Wed to Minister: Miss Ella M. Hershey, daughter of Mrs. Abraham Hershey, York Springs, and Frank R. Mauss, son of Mr. and Mrs. Jacob Mauss, Gettysburg, R. 6, were married by the Rev. W. G. Group at his home in East Berlin Saturday evening.

Mr. Mauss has been a teacher in Butler township for a number of years. He also is an ordained minister of the Church of the Brethren.

**Best Spellers Compete Here:** John Lawver, eighth grade, Franklin township, was adjudged the Champion speller of Adams county for 1931 in the finals held at the court house Saturday afternoon.

By coincidence, sisters won second and third place. Mary Klinedinst, seventh grade, Huntingtown township, was second, and her sister Lena, eighth grade, was third.

**Rev. Putman Will Be Easter Speaker:** The Rev. Dwight F. Putman will be the speaker at the community dawn service to be held Easter Sunday at Little Round Top under the auspices of the Adams County Christian Endeavor union, it has been announced by Paul Renner, chairman of the committee planning the program.

**Church Plans Anniversary Observance:** St. Paul's Lutheran church, Biglerville, the Rev. Henry W. Sternat, pastor, will observe the fiftieth anniversary of its founding with appropriate services Sunday.

The congregation was organized March 27, 1881, by the Rev. W. L. Heisler, who has since died, in the Biglerville school house, with 21 members.

The oldest member of the congregation in Samuel A. Bream, 85.

**School Editors Meet:** One hundred and twenty-five high school students, all of them interested in some way or another in the publication of high school newspapers in Adams and York counties, gathered at the Gettysburg high school Thursday evening for the fifth regional press conference of Pennsylvania School Press association.

Kermit Harbaugh, editor-in-chief of the Maroon and White, presided at the general meeting in the high school auditorium.

**Praise Given to Aumen for Long Service:** Untinted praise in fulsome measure was paid to the energy, integrity and usefulness of James B. Aumen, president of the Pennsylvania State Firemen's association and chief of the Gettysburg fire department, at a testimonial banquet in his honor at the Blue Parrot tea room Wednesday evening. William G. Weaver, toastmaster, presented a large basket of red roses to "Jimmie" after the following speakers spoke of his splendid achievements: Attorney Raymond F. Topper, Congressman Harry L. Haines, Fire marshal J. William Morgan, Col. E. E. Davis, Charles E. Clark, James E. Chalfont, L. Ellis Wagner and Clyde S. Heckert.

**Silver Jubilee of Motor Federation Being Celebrated:** The Pennsylvania motor federation is celebrating the twenty-fifth anniversary of its founding in March, 1906, of which the Gettysburg Motor Club of Adams county is an active member organization.

**Building Residences:** Herbert L. Grimm plans to build three residences on his lot at the southwest corner of Broadway and Mummaburg street, a single house on the corner and two semi-detached in the rear, the latter facing on Mummaburg street. Work on erection of the double dwelling has been started by Victor Chamberlain. All will be of dark red Gettysburg brick.

**Chaplin Decorated:** Paris, March 27 (AP)—Charles Chaplin was decorated with the French Legion of Honor today at the foreign office.

**World-Wide Banquet Held by Girls' Club:** Fifty members of Business and Professional girls' clubs in Adams county gathered at a banquet at the Y.W.C.A. here Tuesday evening, thereby participating in a series of similar functions held throughout the world at practically the same hour. Mrs. Charles F. Sanders was the principal speaker of the occasion.

Miss Florence Steward led group singing and Miss Ethel Culp sang a solo and played the piano. The Annie Danner club prepared and served the meal.

Miss Mary R. Kissinger was the general chairman of the committee. She was assisted by Mrs. Jessie Eastward, Miss Esther Hartman, Miss Mary Sponseller and Mrs. Floranna Fowler.

**Personal:** Mrs. C. William Beales has moved from 220 Baltimore street to the Blocher apartments, Chambersburg street.

Dr. and Mrs. A. H. Throckmorton, returning from a mid-winter cruise to Egypt, to their home in Cleveland, Ohio, are guests of Dr. and Mrs. Henry W. A. Hanson, college campus.

## OUTLINE PLAN FOR CONTROL OF ATOMIC ENERGY

By JACK BELL

Washington, March 29 (AP)—A cautionary note against any veto loophole that might permit secret bomb-making tempered general congressional approval today of a plan for international ore-to-energy control over atomic power.

The veto question was brought to the front by Senator Ferguson (R-Mich.) in discussing the State Department's proposal for a United Nations "Atomic Development Authority" which would mine all fissionable materials and operate all primary production plants. From these "denatured" products would be shipped to secondary plants throughout the world for either scientific or industrial purposes.

But Ferguson told a reporter he does not see how a satisfactory agreement outlawing the use of atomic energy for war purposes can be reached if any of the Big Five nations retains the right to veto measures the UNO Security Council might want to take to enforce that agreement.

**"Denatured" Plutonium**  
"It's my opinion," the Michigan Senator said, "that we are not yet ready to place full control of atomic energy in an international organization until we can be assured that such an organization will control it at all times for peaceful uses."

He said that before the United States turns over its secret formulae and processes to such an organization, it should make certain that no nation could veto an action to prevent use of these formulae and processes to make atomic bombs.

The State Department reports confirmation that a way has been found to "denature" energy-producing plutonium of its explosive qualities prompted assertions by legislators that this may simplify the task of preventing secret bomb manufacture.

**Share Gradually**  
One scientific authority, asking anonymity, told reporters last night that this country actually tried to make atomic bombs from the denatured material and found it impossible.

The State Department report proposed no immediate sharing of secrets but rather a gradual divulging of information over a period of years. Saying, however, that some technical data would have to be given out to put the international control plan in effect, it added that this would not "essentially alter the present superiority of the United States."

With the premise that uranium and thorium are the only substances from which the necessary chain reaction can be obtained, the plan calls for the international authority to take possession of all of these ores in the world, making it illegal for others to possess or mine them.

## Bonneauville

**Bonneauville—Sgt. J. Albert Chrismer,** accompanied by Mrs. Chrismer, reported Saturday to Andrews Field, Washington, D. C., after spending a ninety-day furlough with Mr. and Mrs. Thomas Gebhart, Sgt. Chrismer re-enlisted last December, after spending four and one-half years in the air corps. He will be employed as a link trainer operator at Andrews Field.

Sgt. and Mrs. Roger Gebhart, of Andrews Field, Washington, visited Mr. and Mrs. Thomas Gebhart, Sunday.

Mrs. Harry Zorbeck, of Baltimore, spent the week-end with her parents, Mr. and Mrs. Raymond Orndorff.

A. J. Golden, of Baltimore, visited his sisters, the Misses Mary, Theresa and Anna Golden, this week.

## Mummaburg

**Mummaburg—Mr. and Mrs. Paul Hare** have moved from here to the farm they purchased near New Chester. Mr. Miller and family are moving from Sparrows Point, Md., to the farm they purchased from Mr. and Mrs. Paul Hare.

Recent visitors at the home of the Rev. and Mrs. Amos Myer were Mr. and Mrs. Norman W. Groff, of Manheim, Pa.; Lucy Gehman, Grace Gehman and Jacob Gehman, of Selmsgrove; John H. Rudy, of York; Mr. and Mrs. Leon K. Myer, Mary and Roy Myer, all of Leola.

Kenneth, son of Mr. and Mrs. Junior Cullison, who had been ill, is now able to attend school again.

**Kansas City, (AP)—**John A. Marshall was surprised to see neighbor William N. Deramus, president of the Kansas City Southern Railway, boarding a miniature Swope Park train.

Deramus hurriedly explained he was accompanying his two-year-old grandson. When he completed his ride, the railroad executive reported:

"I would say the line's roadbed is in good condition, its rolling stock well handled, and I hear its financial statements are more than satisfactory."

**Pittsburg, March 29 (AP)—**Pittsburg city council on Monday will receive an ordinance intended to make the city's long-delayed anti-smoke regulations effective October 1. Mayor David L. Lawrence, said earlier enforcement was deferred until after the war because of equipment shortages.

## CHURCH SERVICES

# News Items From Littlestown

## Littlestown DEFER METER ACTION UNTIL APRIL MEETING

The borough council of Littlestown, during a lengthy five-hour session Tuesday night, opened sealed bids on parking meters and deferred final action on them until the next regular meeting on April 23.

The seven bids received were referred to the Safety committee for study and this group will make recommendations to council at the next meeting, when final acceptance or rejection will be voted. The Safety committee is composed of LeRoy M. Wintrod, Albert H. Kindig, and Harry L. Trostle.

A committee from the Chamber of Commerce was present to report on the sentiment against parking meters in that body. Several misunderstandings on the purpose of the meters were brought out.

**Need for Cooperation**  
The ordinance previously adopted had designated congested areas, but the meters would be put in only as required, it was brought out. One Chamber member suggested that the entire problem be given further study. It was pointed out as highly desirable that the two bodies cooperate in matters of civic interest. The completion of the sewage disposal system will require the utmost efforts of all citizens of the community, since WPA funds are no longer available for free labor, and no state or national funds are available to help in the project.

One reason for parking meters would be to keep sewage rentals from becoming excessively high. It was reported that Snyder Brothers, of the Littlestown Hardware and Foundry company, have donated a parking lot on Charles street to take care of those who would want to park longer than two hours, the limit permitted by the proposed parking meters. This lot is only two blocks from the center of town. Following the joint discussion, council took the vote to postpone final action till the next meeting.

The bids for parking meters were received from the following companies: M-C Meter company, Convent, Ohio; M. H. Rhodes, Hartford, Conn.; International Meters, Inc., New York; Magee-Hale Park-Meter company, Oklahoma City, Okla.; Dual Parking Meter company, Canton, O.; Karpark Corp., Cincinnati, O.; and C. K. Koonz Equipment company, Pittsburgh, representing the Miller multiple-coin parking meter. Representatives of Koonz and Magee-Hale were present at the meeting, and explained their meters.

**Discuss Sewage System**  
Two sealed bids for lead were received. Both bids were rejected, and the secretary was authorized to purchase locally all lead as needed. One bid for pipe was received from R. D. Wood, Philadelphia. His price was \$1.01 per foot, delivered. The bid was accepted, and the purchase of no more than 4,000 feet was authorized. Several fire hydrants were also to be ordered from the same company. The water committee in charge is composed of Harry L. Trostle, LeRoy M. Wintrod, and J. Edgar Yealy.

A resolution was adopted providing for an emergency payment of rental to the Littlestown Borough Authority under and pursuant to its lease dated April 1, 1941. Failure to pay it would result in the borough losing valuable rights under the lease of a value far in excess of the sum provided for, \$2,437.50.

A discussion concerning the completion of the sewage system was held. A joint meeting of council and the Authority board was planned for the near future. With government grants no longer available, it was estimated by the engineers that at least \$225,000 additional would be needed to complete the project, over and above bonds already issued. Borough Solicitor Eugene V. Bullett explained the desirability of taking action soon. A resolution was ordered drawn up to fill vacancies on the Authority board.

**To Inspect Engine House**  
A discussion on enlarging the fire door in the rear of the building was also under discussion, with no definite action being taken. Members of council are to meet this evening with representatives of the fire company, at the engine house, to survey the building and discuss the matter.

Water permits were issued, as follows: Theodore J. Leppo, R. D. 1, Hanover, for 20 Park avenue, miscellaneous household uses (excluding outside uses); Lester L. Hiker, 228 North Queen street, two and one-half-story frame dwelling, for miscellaneous household and outside uses; Gerald L. Orndorff, R. D. New Oxford, for northwest corner of Patrick avenue and West Myrtle street, miscellaneous household and outside uses; Earl J. Weaver, 20 1/2 Park avenue, one-half frame dwelling, for miscellaneous household and outside uses.

Building permits were issued, as follows: Elmer C. Krise, 365 East King street, removal of tree stump by dynamiting, with the understanding that a licensed blaster be employed to do the dynamiting; Lester

W. Harner, Charles street, removal of locust tree on north side of Charles street; Charles A. Hofe, frame-dwelling at 49 Lumber street, with brick composition siding, for Mrs. E. White; Sylvester H. Krumrine, 420 S. Queen street, paint and general repairing of two and one-half-story frame dwelling; Kenneth T. Eyer, 201-3 South Queen street, addition brick composition covered one-story to rear of brick store and dwelling (same being parallel to present building along Cemetery street); E. S. Shriver 13 West King street, repair and remodel to make double dwelling; Charles A. Hofe, construct two apartments for Charles Ritter on South Queen street.

**Repairing Streets**  
A fine of \$10 was reported received from Justice of the Peace Howard G. Blocher from Harold R. Bowers, for driving too fast for conditions.

Council voted to purchase a Littleford road maintenance kettle, for use in patching the streets of the borough. Street Commissioner Harry Shadle reported that the streets are being repaired, but the work is not yet completed. A discussion was held on opening the street from Littleford's funeral home to Park avenue past the playground. This would require moving several barns and garages. No definite action was taken pending a survey of what would have to be moved and the reaction of the property-owners.

Present at the meeting were Councilmen Wintrod, Yealy, Kindig, Edward Lester, and Claude A. Snyder, presiding; Chief of Police Leon H. Gage, Street Commissioner Harry Shadle, Burgess Charles R. Mehring, Borough Secretary Roger J. Keefe, and Borough Solicitor Eugene V. Bullett. The Chamber of Commerce committee was composed of Charles W. Weikert, Stanley B. Stover, Dr. J. R. Riden, and Wilbur A. Bankert. A special session is expected to be held in the near future, to discuss plans for the completion of the sewer with the Borough authority.

## Ocker Post Now Has 171 Members

The Ocker post members decided to have the post caucuses, recently started, open on Friday nights, starting at 7 o'clock, and on Sundays starting at 2 p. m. It will also be open on meeting nights.

Charles Mummert was appointed a member of the board of trustees and a member of the House committee due to the illness of Herman Kaler.

Past Commander Hobson Crouse gave a short talk at the meeting. Four new members were elected, bringing the membership to 171. A silver collection was held to start the Easter Egg Fund and \$19.15 was realized. The finance officer gave a report on the condition of the treasury and balance due on the mortgage.

## Legion Arranging Easter Egg Hunt

Plans for an Easter Egg Hunt for the children of the community were laid, and the following committee was appointed at an American Legion post meeting Thursday to arrange for this event and solicit for donations of eggs: Dewey E. Baumgardner, Reid Pittenturf, Mark Frazer, Ray Beard, and George Hornberger. This affair was held annually before the war, and it is planned to resume it each Easter. Donations of eggs will be appreciated, and may be given to any member of the post. In previous years 90 dozens of eggs were used. Children who find autographed eggs will be given prizes.

## American Legion Plans Carnival

John W. Ocker Post 321, American Legion, Littlestown, held a meeting Thursday night, at which time plans for the annual carnival were made, and a financial report was given by the finance officer, Commander Clarence J. Krichen, Sr., presided at the meeting. The annual American Legion carnival will be held on July 4, 5, and 6. Wilbur E. Mackley is chairman of the committee in charge. Other members of the committee are: Claude E. Snyder, Charles Mummert, Robert Sell, Ernest W. Senti, Luther Hankey, Clarence Krichen, Jr., Mark Frank, Joseph Long, and Kenneth Steick.

Canada was the sixth largest importer of rubber in the world before the war.

## Parish Council Of NCCW At Meeting

The St. Aloysius Parish council of the National Council of Catholic Women held their regular monthly meeting on Wednesday evening in the parish hall. The meeting was in charge of the president, Miss Leoné Sanders, and opened with prayer by the pastor, Rev. John H. Weber. Reports were given by Miss Helena Pfaff and Miss Anna Weaver. Miss Elsie McColl presented the proceeds from the sale of jello, vanilla extract and greeting cards to the council treasury. The president announced that the next Conewago Deaneary meeting will probably be held the first Sunday in June and that the Harrisburg Diocesan convention this year will be held in Lewistown in June. Brief remarks were heard from Father Weber on the subject of "Reading." He recommended the Catholic Digest for general reading and that "Timeless Topics" and "Heroes All" be subscribed to for the children to substitute and offset the currently popular comics.

The next meeting will be held Wednesday evening, April 24, and the chairman of the Bishop's Fund for Diocesan Needs committee, Miss Mary Rita Redding, will be in charge. A nominating committee will be appointed then for the annual election of officers in May.

## News Notes About Littlestown Folk

Woody Herman, nationally known orchestra leader, was a visitor in town on Wednesday afternoon. He was on his way to Harrisburg for a one-night engagement, and stopped with a number of his musicians at Stoness's Drug Store.

The annual blooming of the blossoms on the pink magnolia tree on North Queen street, near the square, is now taking place. The tree annually attracts the attention of many persons because of its size and beauty.

The Always Faithful Ladies' Aid Bible class of Redeemer's Reformed church has presented silverware and dishes to the Ladies' Aid society of the church, a gift much appreciated by the members of the society.

Miss Peggy Spalding has returned to Philadelphia after a visit with her parents, Mr. and Mrs. Howard J. Spalding. Misses Gloria Crabbs, Helen Slick, and Lydia Senti spent Sunday in Washington, D. C.

Mrs. John R. Byers, daughters, Mrs. John Anderson and Mrs. Maurice C. Wareheim, and son John C. Byers, attended the funeral of Mrs. Byers' sister-in-law, Mrs. Lewis Smith, Monday, at Westminster. Mrs. Mary Ecker and nephew, Charles Ecker, have returned home after spending a week in Stewartstown with Mrs. Ecker's son, Sterling Ecker, who is a member of the faculty of the Stewartstown high school.

Mrs. David S. Kammerer has returned home after spending a week in Philadelphia with her parents, Mr. and Mrs. William G. Chambers. The Starr Bible class of St. Paul's Lutheran Sunday school held its monthly meeting Thursday evening at the church. The program committee consisted of Mrs. John V. Kindig, chairman; Mrs. William H. Dixon, Mrs. Walter Shriver, and Mrs. Edward Plunkert.

The Ladies' Aid society of St. John's Lutheran church met Thursday night at the church. The program was in charge of Mrs. Dallas Shriver, Mrs. Katherine Hull, and the Rev. Kenneth D. James. The guest speaker was the Rev. R. M. Everette, pastor of the A. M. E. Zion church, Gettysburg. He brought with him a choir which provided special music.

nival will be held on July 4, 5, and 6. Wilbur E. Mackley is chairman of the committee in charge. Other members of the committee are: Claude E. Snyder, Charles Mummert, Robert Sell, Ernest W. Senti, Luther Hankey, Clarence Krichen, Jr., Mark Frank, Joseph Long, and Kenneth Steick.

Canada was the sixth largest importer of rubber in the world before the war.

## The Story Of Andrew Schreiber (Shriver) Early Town Settler

(Continued from last week's Littlestown Supplement of The Gettysburg Times.)

Schreiber turned from his wife and started across the clearing. "Here," he said when he stopped. "Here is where we will build." But the planning would wait until fall when there was time to put the logs lying about the edge of the clearing into the form of a cabin. Now there was enough to do to make the harvest, keep out of weeds, hunt deer and other animals that they might eat. And perhaps learn if there were any neighbors within a dozen miles.

It was their fifth week in the wilderness that Ann saw the smoke. It rose above the trees to the west and billowed out into the sky. That night there was a red glow in the sky.

**Discovers Neighbors**  
Andrew knew the way of the woods. He knew too that while the flame blew high the woods fire had not come from lightning, for there had been no storm. Was it Indian or white? He determined on the morrow to find out.

He returned toward nightfall. "We have neighbors, about five miles away. Their name is Farney," Schreiber was not worn by the walk through the open woods. He had seen many things on the way.

He had been the first to walk from what was to become the George Basehor farm near Littlestown, to Hanover. But neither he nor Farney knew then the cities that would soon rise near them, nor the roads that would cut through what was then woodland but soon was to disappear before the lust of men who wished land not for trees but for land—land that could be plowed—land that could produce food.

From Farney, later he was to learn of John Digges, who owned the land where Schreiber had settled.

**Visits John Digges**  
The day soon came to visit Digges and he was up early. It was nearing fall and soon he would have the harvest under way and after that there was the cabin to be built. He took only the horse and started for Digges' home.

He found Digges near what was to become Columbia. Digges was a man of wealth, Schreiber decided, riding down the long hill slope and looking at the stone and log structure that was Digges' home. But perhaps even a man of wealth would know the need for land that a poor man had. Perhaps...

The talk between the men was brief as befitted the men who made America. They were not ones to speak, the pioneers, in long and sonorous sentences. There was too much to do to waste breath on talk.

When he returned to Ann he told her. The land had been purchased.

**One Hundred Pairs of Shoes**  
"All that is needed is one hundred pair of negro shoes which I can make this winter. It is a good price. There is leather to be had and I have learned my trade well."

He built the table and lasts he would need for the shoes before he started to build the cabin.

Then in the fall, when the first cold days nipped the face and hands as he washed by the stream in the morning he decided it was time to build the house.

"Let us work," he told Ann "to house ourselves against the cold of winter."

Again the next few days became a nightmare of work. A few months ago there had been only the sound of falling trees, the quick sharp bite

## PUBLIC SALE SATURDAY, APRIL 6 1:00 P. M.

## Littlestown GIRL SCOUTS AT

(Continued from Page 1)

tivities, the members of Troop No. 3 farmed a victory garden last summer at the home of their leader, Mrs. Bish, and after harvesting the crops, they canned and donated the finished products to the Warner hospital, Gettysburg.

**Community Helped**  
The Girl Scout committee from the Woman's Community club is composed of Mrs. Brenda Walker, chairman; Mrs. Charles W. Weikert, secretary; Mrs. Melvin B. Wehler, treasurer; Mrs. Roy D. Renner, Mrs. Harry T. Harner, and Mrs. Wilbur A. Bankert. This committee did the preliminary work in connection with the organization of the troops and has since been active in the work. The club voted a contribution to start the work, and has since continued its financial assistance. The Littlestown National bank contributed the use of the bank basement as a Girl Scout headquarters, and it has been converted into a comfortable, homey club room. Donations of furniture have been made by the following:

home after undergoing an operation at the Warner hospital, Gettysburg.

Mr. and Mrs. Frank Creager plan to move Saturday from the Hobson Crouse property on South Queen street to a residence in Hanover recently purchased by Mrs. Creager. Mr. and Mrs. Creager were given a farewell party Monday night by the Ladies' Always Faithful Bible Class of Redeemer's Reformed church, in the social hall of the church. Mr. Creager has been teacher of the class for the past eight years.

**Personal Items Of Community Interest**  
Mrs. M. N. Wehler had as her week-end guests Mr. and Mrs. Loy A. Wehler and two sons, and Miss Pauline Landon, Jersey Shore.

Maj. and Mrs. Edwin Elder, Jr., and son Eddie, Washington, D. C., spent the week-end at the home of Mrs. Elder's parents, Mr. and Mrs. M. C. Wareheim.

Miss Anna Dutta has returned

## GIRL SCOUTS AT

(Continued from Page 1)

tivities, the members of Troop No. 3 farmed a victory garden last summer at the home of their leader, Mrs. Bish, and after harvesting the crops, they canned and donated the finished products to the Warner hospital, Gettysburg.

**Community Helped**  
The Girl Scout committee from the Woman's Community club is composed of Mrs. Brenda Walker, chairman; Mrs. Charles W. Weikert, secretary; Mrs. Melvin B. Wehler, treasurer; Mrs. Roy D. Renner, Mrs. Harry T. Harner, and Mrs. Wilbur A. Bankert. This committee did the preliminary work in connection with the organization of the troops and has since been active in the work. The club voted a contribution to start the work, and has since continued its financial assistance. The Littlestown National bank contributed the use of the bank basement as a Girl Scout headquarters, and it has been converted into a comfortable, homey club room. Donations of furniture have been made by the following:

home after undergoing an operation at the Warner hospital, Gettysburg.

Mr. and Mrs. Frank Creager plan to move Saturday from the Hobson Crouse property on South Queen street to a residence in Hanover recently purchased by Mrs. Creager. Mr. and Mrs. Creager were given a farewell party Monday night by the Ladies' Always Faithful Bible Class of Redeemer's Reformed church, in the social hall of the church. Mr. Creager has been teacher of the class for the past eight years.

**Personal Items Of Community Interest**  
Mrs. M. N. Wehler had as her week-end guests Mr. and Mrs. Loy A. Wehler and two sons, and Miss Pauline Landon, Jersey Shore.

Maj. and Mrs. Edwin Elder, Jr., and son Eddie, Washington, D. C., spent the week-end at the home of Mrs. Elder's parents, Mr. and Mrs. M. C. Wareheim.

Miss Anna Dutta has returned

## PICTURE NEWS

**PLANNING A NEW DRESDEN**—Local government members consult plans for reconstructing Dresden, Germany, while inspecting part of the war-torn city in Russian occupation zone.

**PROMISING ROOKIE**—Bill Wright, Oakland, Calif., rookie pitcher of the New York Yankees, tosses one over the plate during practice at St. Petersburg, Fla. Just out of the service, he is on the roster of Kansas City, a Yankee farm.

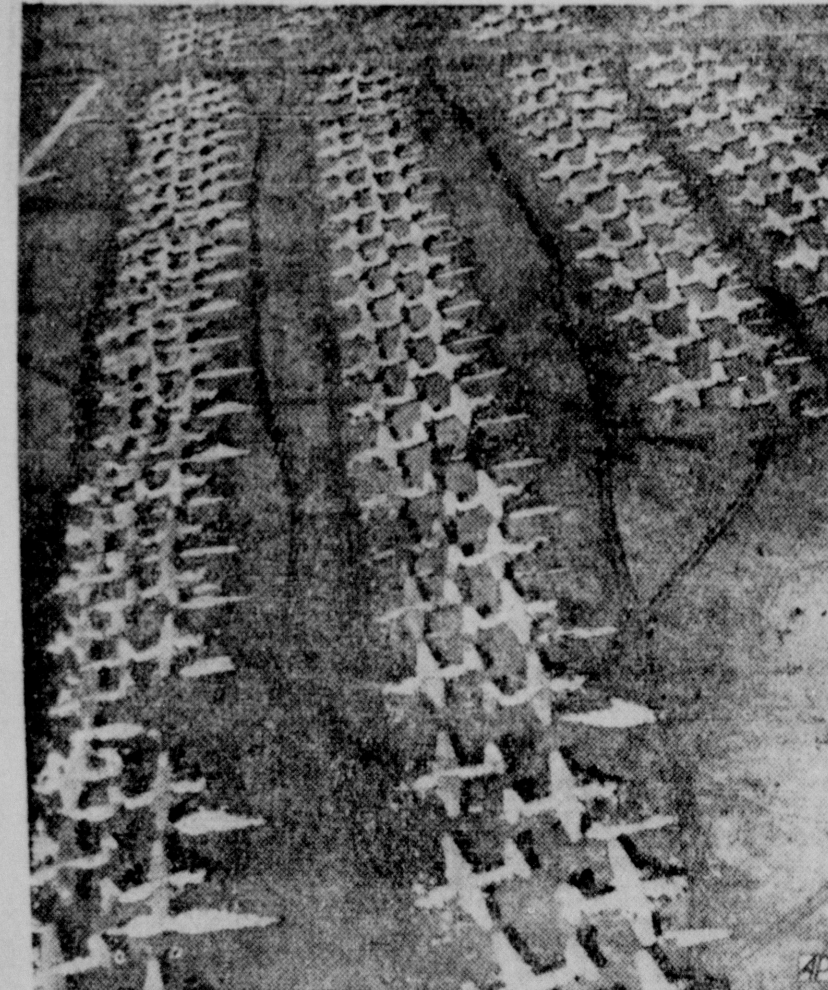

**FIVE ON A HORSE**—The Diligenti quintuplets, who will be 3 on July 15, show varying degrees of emotion as they straddle a pony at Mar del Plata, Argentina. L. to r.: Carlos Alberto, Maria Esther, Maria Fernanda, Maria Cristina and Franco.

**SPRING BONNETS**—Christine and Michele, twin daughters of Singer Michael Douglas, model new spring hats for their father. They soon will celebrate their first birthday.

**SUN TAN SESSION**—Co-eds of Louisiana State University acquire spring sun tans at their dormitory. L. to r.: Gwen Landry, Alexandria, La.; Rebecca Slack, Lake Charles, La.; Gladys McDonald, McComb, Miss.; and Wanita Cusachs, New Orleans.

**AWAIT DESTRUCTION**—Surplus, worn-out bombers, part of 5,000 to be destroyed by the U. S. Army, are lined up on a field at Landsburg, Germany. It was found the most economical way to turn them into scrap is blow them up.

**MUKDEN STREET SCENE**—Two men in uniform tend a sidewalk stand in Mukden, Manchuria, as a woman and child examine the meager wares of foodstuffs they are offering.

**THREE OF A KIND**—Doris Emma Ratz, 10, cuddles goat triplets while their mother pokes in an inquisitive nose. The kids were born on the place of Doris' mother, Mrs. Carl Ratz, at Cheektowaka, N. Y., and were two days old when photographed.

**NEW AIR FORCE STAFF**—Gen. Carl A. Spaatz (third from left, seated), Army Air Forces chief, meets with his new staff in Washington. Seated, l. to r.: Lt. Gen. John K. Cannon, Barksdale, Fla.; Gen. George C. Kinney, Andrews Field, Md.; Gen. Spatz; Lt. Gen. Harold L. George, Washington; Lt. Gen. George E. Stratemeyer, New York City; Maj. Gen. E. B. Quesada, Langley Field, Va. Standing, l. to r.: Lt. Gen. Nathan F. Twining, Wright Field, O.; Maj. Gen. Donald Wilson, Keesler Field, Miss.; and Maj. Gen. Muir S. Fairchild, Maxwell Field, Ala.

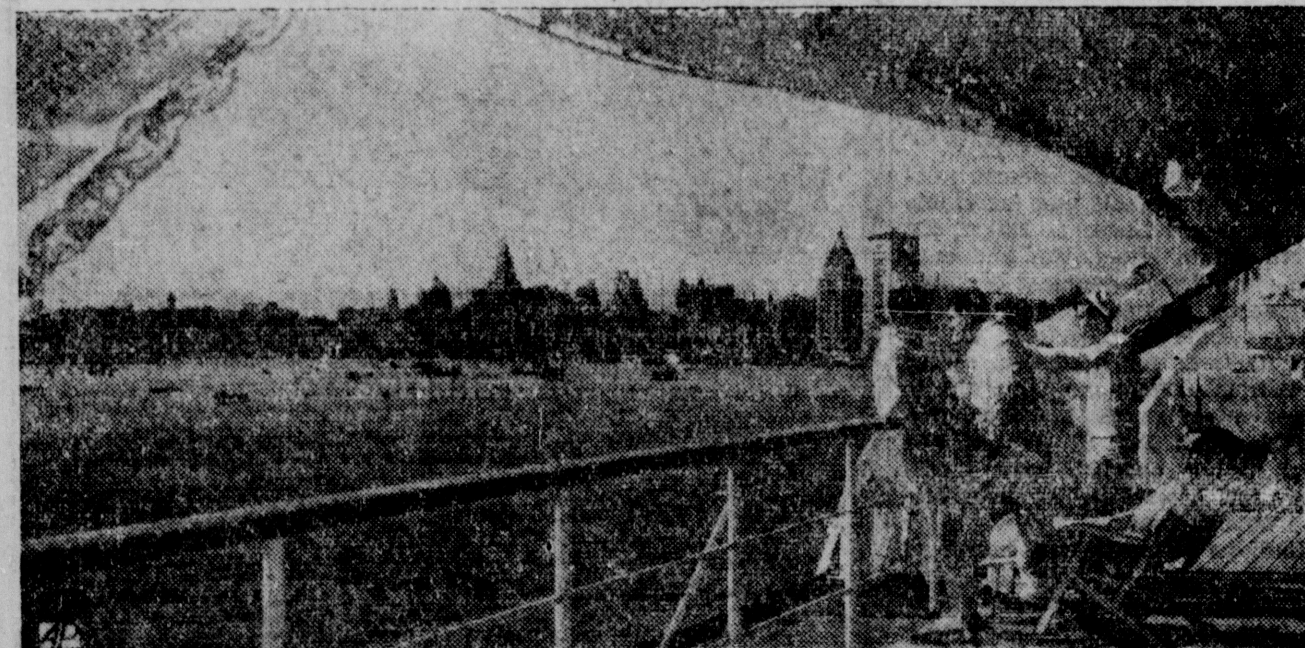

**SUIT**—Actress Marguerite Chapman wears a long jacket suit with square neckline relieved by a striped scarf.

**RIDE 'IM, COWBOY**—Bud Speelman, Fort Worth, Tex., "goes up facing east and comes down facing west", on this bucking bronc at a San Angelo, Tex., rodeo. The sport of cowboys is a tough one, many performers winding up in a hospital.

**TRANSPORT IN KOREA**—A bullock cart is used by Red Cross supply men in Korea. In a huddle at Seoul are (l. to r.): L. B. Nash, Stone Mountain, Ga.; John MacConnell, Washington, D. C.; Achille Vervens, Providence, R. I.; Jim Kearney, Barre, Vt. A native watches.

**HOSPITAL SHIP IN CHINA**—Convalescents view the skyline of Shanghai, China, and the Whangpoo river from the deck of the hospital ship USS Repose. They are: Marine J. H. Enoch (seated), Pittsburgh; and (l. and r.) Sailors C. H. Langdon, Long Island, N. Y.; A. J. Sstore, Pittsburgh; W. J. Harrison, Galveston, Tex.; and R. G. O'Neill, Arlington, N. Y.

FLOYD SLAYBAUGH, County Superintendent of Public Schools.

## Here And There

News Collected At Random

(Continued from Page 1)

favor adoption of Daylight Saving Time in Gettysburg this summer.

"In regard to opinions on the change of time, I am absolutely against the changing of time."

"Let us remember that time was made by God and has been ever since the world was created. Working hours were made by man so why not change man's plan instead of God's?"

"After all you cannot change the rising and setting of the sun even if your town does look like a hick town. I think it is time for so-called Christian America to put God first and let time alone."

"How about your town people getting up and working your Victory gardens in the morning? There is lots of daylight going to waste while you are sleeping. A reader of The Gettysburg Times."

"I have been reading with interest the opinions of readers regarding Standard or Daylight Saving time."

"I am definitely for Standard time. A Gettysburg resident says at his end of town he finds the ones that do not work. Well, I find that the ones that really work are the ones who do not like Daylight Saving time."

"We farmers don't quit work in the middle of the afternoon, and that is what it almost means. If one wants to go to a movie or to the store he has to work like mad to get his work done and make it in time. One hour means a lot to a farmer. We often work in the garden after 6 o'clock in the evening. Standard time. We find it cool and nice to work."

"I fail to see where the saving is. The day starts one hour earlier and it is in the morning when you use the electricity, not the middle of the afternoon."

"I say let the time as it always was and should be now. It only means hustling and confusion. Mrs. Mack Sites."

Chapter 26

Someone was speaking of Mrs. Frick. It was Aunt Emma speaking in the corridor outside.

"No. I don't know who this Mrs. Frick is. But if—she's a friend of the poor child's..."

"Well, then..." said Mr. Purvis's voice. "I'd better tell that chauffeur, eh? Tell him to communicate with this Mrs. Frick?"

"Yes," said Aunt Emma, with a sigh. "He'd better advise

THE GETTYSBURG TIMES, FRIDAY, MARCH 29, 1946

# Windsor Shoe Co. Has Remarkable Growth During Nine Years In Littlestown

## Littlestown National Bank Enjoys Healthy Growth During Its Almost 38 Years As Banking Institution

The Littlestown National Bank was incorporated in 1908 and received its charter as a national banking institution in that year. It opened for business on September 15, 1908, in the H. A. Stonesifer building, near the location of the present imposing bank edifice which the bank has occupied since April 1, 1921.

George S. Kump was the first president of the bank. Other officers included S. D. Mehring, vice president, and Dr. C. P. Gettier, secretary. The original directors were these officers and John A. Shorb, George Parr, D. E. Buckley, A. G. Keagy and A. H. Rebert. None of these officers and directors are now alive.

The bank started with a capital stock of \$25,000 which was soon increased to \$50,000 and later to \$150,000, its present capitalization.

**First Cashier**  
W. R. Robinson was the first cashier. Paul G. Hartman became cashier on February 1, 1910, when Mr. Robinson resigned, and was in turn succeeded by Warren R. Jones in 1913. Mr. Kump resigned as president of the bank January 8, 1924, and Mr. Jones became president, serving in this capacity until 1942, when he was succeeded by the present bank head, Howard A. Stonesifer, Littlestown druggist.

Arthur E. Bair became associated with the bank on March 31, 1915 as a bookkeeper. He was named assistant cashier in 1918, and became cashier in 1924 when Mr. Jones assumed the bank presidency. The present officers of the bank, besides President Stonesifer, are: vice president, Paul E. Lawyer, president of the A. W. Feeser company, Inc.; Arthur E. Bair, cashier; Theron W. Spangler, assistant cashier and trust officer and Anna C. Weaver, assistant cashier.

**Present Directors**  
Directors include Irvin B. Black, retired; W. H. Dern, merchant; H. F. Dodder, retired farmer; Eli C. Duttera, farmer; Mr. Stonesifer, Leo B. Frommeyer, feed warehouse owner; John H. Marker, retired; Joseph Milson, retired; Mr. Lawyer and A. C. Leatherman, farmer. Mr. Marker was former head of the Keystone Milling company, and Mr. Milson before his retirement was manager of the Littlestown Silk Company.

Growth of the Littlestown National Bank has been steady and progressive. The quarters in the Stonesifer building became too small. The bank needed more room and new equipment, particularly a new vault. Land was acquired at the present site, and construction of the new building began. It was completed in 1921, at a cost for the building alone of \$86,000.

**Healthy Growth**  
The bank's growth has been a healthy one. From a small banking institution in a small community with few industries, the bank has developed with Littlestown until it serves today a rich residential, farming and manufacturing community. Littlestown proudly boasts that it has more industries than any town of its size in the commonwealth of Pennsylvania.

"The Bank's doors were never closed, even during the perilous days of the depression, except for the government-ordered banking holidays; it never experienced a 'run' and has met every obligation and performed every trust imposed by its hundreds of customers and depositors," one official said.

When the bank came into being in 1908, Littlestown's chief industries were a couple of cigar factories and a silk mill. Its plants are numbered at more than 20 now, employing hundreds of people. Hundreds find employment now where in 1908 the cigar factories employed only a few.

**Financial Report**  
The bank acquired full trust powers in April, 1928. Through the facilities of its trust department it now acts as administrator, executor, guardian, trustee and in all fiduciary capacities. Safe deposit boxes are for rent. "A real, personal service, with safety, has been the foundation stone of the bank," the spokesman said.

The last report of the condition of the bank shows capital stock of \$150,000; surplus, \$225,000; undivided profits, \$17,685.57; reserves, \$10,000 demand deposit, \$1,696,181.86; time deposits, \$2,029,200.69.

Its resources are listed as loans and discounts, \$714,611.73; United States bonds, \$2,390,466.25; other bonds and securities, \$304,110; banking house, \$55,000; furniture and fixtures, \$2,000; cash and reserve, \$660,716.14; other assets, \$1,164, for total resources of \$4,128,068.12.

The bank is a member of the Federal Deposit Insurance corporation and the Federal Reserve System.

### Littlestown National Bank

Arthur E. Bair, cashier of the Littlestown National Bank.

### ARRANGE FOR PLAYGROUND SUPERVISOR

The Playground committee of Littlestown made arrangements for having a paid supervisor of activities at the playground this summer at a meeting Thursday evening. Clayton L. Evans, health instructor at the Littlestown high school, was selected to be the play director and will be on duty from 1 o'clock until dark, five days a week, during the months of June, July and August. Supervised play activities for the children during the summer months has been a long-felt need in Littlestown and the committee has been working several months to provide this wholesome recreation for the children. The question of funds has been only partly solved and it is likely that at a later date the committee will ask for public donations to help in the upkeep and purchase of equipment.

At Thursday's meeting, Mr. Evans outlined plans for the summer. The children will be divided into age groups at the playground, and various games and activities suitable for each group will be planned. One group will be composed of children four, five and six years of age; a second of these seven, eight, nine and 10 years old; and a third group will consist of those children who are 11 to 14 years of age. Those over 14 are expected to join in adult group activities, such as baseball, softball, volleyball, outdoor basketball, and tennis. A softball league is being planned; and an outdoor basketball court will be opened near the high school building.

The Playground committee is composed of Henry T. Waltman and Lloyd E. Crouse, representing the Board of Education; Luther D. Snyder, Stanley B. Stover and Clarence L. Schwartz. The following committees were appointed at last evening's meeting to assist Mr. Evans in carrying out the play program: Equipment and grounds, Mr. Crouse and Mr. Waltman; games and trophies, Mr. Stover and Mr. Snyder; finance and publicity, Mr. Snyder and Mr. Schwartz.

### Thank You Burgess Mehring

Editor,  
THE GETTYSBURG TIMES:  
Dear Sir:

I have read the first three Littlestown Supplements, which you publish in addition to the daily Littlestown news column, and would like to say that you are doing a swell job. Many of our citizens are learning things about their town and its activities that they did not know before, and at the same time are able to read in your paper all spot news of the community as well as all routine news of interest, six days a week.

Our community and its industries furnish employment for many persons, not only from Littlestown but from surrounding communities in Adams and York Counties in this State, and Carroll County, Maryland. Though small in population, Littlestown is large in activities, and certainly deserves the fine publicity you have been giving it. The town's motto, "Where Industry And Agriculture Meet," has been aptly phrased.

I hope our citizens will make possible the continuance of the Littlestown Supplement.

Charles R. Mehring  
Burgess of Littlestown.

### MRS. COLLINS IS "THRILLED" WITH LIFE IN STATES

Mrs. Joyce Collins, English wife of Russell C. Collins, 5 King street, Littlestown, is anxiously awaiting Halloween, the hunting season, the fishing season, visits to "all parts of this wonderful America," and the time when she will be accustomed to central heating.

The lovely Manchester, England, girl is still thrilled by America, she told a reporter for The Gettysburg Times and is eager to see all the things in America her husband told her about in the days when he was stationed with the air force in England.

So far she has seen her first furnace and while she found the idea "fascinating," she also found the temperature of the American homes far too high for her comfort. "We have only fireplaces, and during the

MRS. COLLINS

war there was only a small amount of fuel available so the fireplaces were seldom used. However, I feel that I will soon become accustomed to the heating."

**Much Like England**  
America's famous black cat with the white stripe down its back and tail was rather a disappointment to the English girl whose husband had informed her as to the odorous qualities of the skunk. Passing through a locality where a skunk had launched an attack while on the way to Littlestown, Russell called his bride's attention to it. He received the reply, "Why it isn't as bad as you had said."

But the countryside was not a disappointment. The land between Littlestown and Gettysburg seems much like her native northern England.

### Community Vesper Service At St. John's

The Sunday evening Community service will be held in St. John's Lutheran church, at 7:30 o'clock. The guest speaker will be Dr. William R. Barnhart. The ministers of the town will participate in the service.

**Christ Reformed Church**  
The Rev. John C. Brumbach, pastor: Sunday school, 9:15 a. m.; church service, 10:30 a. m.; sermon theme, "Words That Should Be Carefully Spoken"; mission band, 10:30 a. m. in the Sunday school room; adult catechetical class, 2:30 p. m.; regular catechetical class, Monday, 7 p. m.; monthly meeting of the Consistory at the parsonage, Wednesday, 7:30 p. m.; monthly meeting of the Women's Guild at the home of Mrs. Orville Sentz along the Baltimore pike, Wednesday, 7:30 p. m.

**St. Aloysius Catholic**  
The Rev. John H. Weber, pastor: Confessions, Saturday, 4 to 5:30 and 7 to 8 p. m.; Sunday Masses, 7:30 and 10 a. m.; Sunday school following the masses; Sodality, 6:45 p. m.; Lenten devotions, 7 p. m.; Lenten devotions Wednesday at 3 p. m. and Friday at 7:30 p. m.

**St. Paul's Lutheran**  
The Rev. David S. Kanmerer, pastor: Sunday school, 9:30 a. m.; morning worship, 10:30 a. m.; sermon theme, "The Necessity of Faith"; Christian Endeavor, 6 p. m. Catechetical class will be held Saturday at 1 p. m.

**Redeemer's Reformed**  
The Rev. Arthur Leeming, supply pastor: Church school, 9:30 a. m.; worship, 10:30 a. m.; sermon theme, "Burnt Offerings On The Altar Of Sacrifice"; Youth Fellowship, 6 p. m.; Mid-week Lenten service, Wednesday, 7:30 p. m.

**Centenary Methodist**  
The Rev. R. H. Sticheh, pastor: Sunday school, 9:30 a. m.; morning service, 10:30 a. m.; Youth Fellowship, 6:45 p. m.

**St. John's Lutheran**  
The Rev. Kenneth D. James, pastor: Sunday school, 9 a. m.; morning worship, 10:15 a. m.; Mid-week Lenten service, Wednesday, 7:30 p. m.

**Grace Lutheran, Two Taverns**  
The Rev. Dr. J. M. Myers, pastor: Sunday school, 9 a. m.; morning worship, 10 a. m.

**St. Luke's Reformed, (Near White Hall)**

The Rev. John C. Brumbach, pastor: Preparatory service, 9 a. m.; sermon theme, "A Very Common Sin"; Sunday school, 10 a. m.; Confirmation, Wednesday, April 10, 7:30 p. m.; Holy Communion Palm Sunday, April 14, 19 a. m.

### Windsor Shoe Company

### HIGH QUALITY LADIES' SHOES ARE PRODUCED

When the Windsor Shoe company came to Littlestown in 1937, there were doubts in the minds of company officials that high grade shoes could be manufactured in a small town that had never made this quality shoes before. For this reason, the start of the enterprise was slow.

"It had been thought impossible to make the high grade of shoes that company standards demanded with inexperienced help," Frank J. Krocak, vice president and general manager declared. "We started very slowly, breaking in our people in the art of making ladies' high grade shoes, and our progress during 1937 was very slow. But at the end of that year the company found that quality of our product was satisfactory and we were proud of our accomplishment."

Thus did Littlestown and vicinity residents prove that, although they knew practically nothing at the start about making ladies' high grade shoes, they could learn and they proved that they could be so adept at the job that, dollar for dollar, no better shoes can be found on the market anywhere, than the Windsor product. Every shoe made in the Windsor plant at Littlestown goes to the A. S. Beck Shoe corporation, which has 115 retail stores throughout the United States.

When Windsor took over the factory in 1937, there was approximately 40,000 square feet of floor space. In 1939 it was decided that there would not be enough room to manufacture the number of shoes desired, and on July 22, 1939, an impressive ground breaking ceremony was held, with company and borough officials participating. A huge crowd witnessed the program and enjoyed the music of two bands which inaugurated the extension of the east wing of the factory to include an additional 25,000 square feet of floor space. The offices were also remodeled and enlarged at this time. The addition was completed by the spring of 1940.

**Field Day Held**  
On September 14, 1940, the first annual Field Day was held. It was a very successful outing, with the employees gathering at the factory early in the morning, a parade led by the state police to Willow Beach Park in Hanover, where an ox roast, games of all kinds, roller skating, swimming and dancing were enjoyed by the employees and their families. There was a program and a band to promote further enjoyment and nearly every employee had a group picture to remember the occasion. It was not possible to continue this annual event as planned, because of war conditions, but it is expected that a similar affair will be staged in the not too far distant future.

It was difficult to obtain replacements for the men who entered the armed forces and throughout the four years of war it was a struggle to maintain the quality of the product and keep the shoe production between 60 and 80 cases per day. Since V-J Day the burden has been lightened; 34 Honor Roll members have returned to work and other veterans also came seeking employment. Many of those who left for war work also returned.

"It is very gratifying to reminisce with those who have worked loyally through the years and have helped with as well as watched the building of the present establishment," says Mr. Krocak. "It is also interesting to note how the town has grown in the same period of time. Anyone wishing to convince himself of this fact has only to look now at the row of beautiful homes on Maple Avenue, the street which also has Littlestown High school, (Continued on Page 2)

### Littlestown Supplement A Necessity

It is a pleasure to pick up a copy of The Gettysburg Times and read the Littlestown Supplement. We believe that this innovation will bring the citizens of the town closer to each other and permit them to become better acquainted with the other towns of the county, especially the county seat. The news of the factories which will appear in the various issues of the supplement should tend to create a feeling of trust and good will between employees and manufacturers. With such a worthy aim in view, such a paper is a necessity for the community.

FRANK J. KROCACK  
Vice President,  
General Manager,  
WINDSOR SHOE CO.

### MANY WORKERS WITH WINDSOR SINCE OPENING

In the Windsor Shoe company's factory at Littlestown there are 125 employees who have been with the company since sometime in 1937. They include Emory Snyder and Charles Collins, who have worked as night watchmen from the very beginning. Then there is Bernard Selby, who worked on many jobs in the lasting and making rooms since May, 1937, and who was chosen by the Compo Shoe Machinery corporation to be their agent. He continues to work in the factory, but for Compo. His wife, Mary, has been in the stitching room, fancy stitching, for the same length of time.

There is also Maud Staub, the company nurse, who has worked in the packing department since March, 1937, when she isn't patching minor cuts and bruises or preparing spirits of ammonia for someone who is faint. There are a large number of employees who have remained at the same machine throughout the nine years of Windsor's existence; choosing names at random, there is Walter Mehring, upper cutter, back on the job after his years at war; Minnie Harner on French cord binding; Emma O'kul on French cord folding; Edith Randall on table work; Grace Jacobs, making linings; Catherine Simpson, matchmaking; Clarence Sheely, counter drafting; Earl Sentz and Paul Buckley, who assemble the uppers and bottom stock on racks; Robert Weaver, tacking; Lloyd Weaver, toe trimming, both brothers to the Littlestown correspondent; Norman Hahn, on outsole rounding; Harold Dutterer, heel seat pounding; Harold Sparver, edge setting; and Edgar DeGroot, treeing.

Each department is represented by the above names, a small percentage of the 125. The employees range in age from the 16-year-old high school students who come after school for a couple of hours' work, to 80-year-old William Hornberger who works the lasts and who has been with the company since November, 1940.

**County C.E. Rally Here On April 9**  
An Adams County Christian Endeavor rally will be held in St. Paul's Lutheran church, Littlestown, on Tuesday, April 9. The Rev. Lester Case, field secretary of the Pennsylvania State Christian Endeavor Union, will have charge of the program.

**Wide Range of Sizes**  
The assembling department chooses the proper last on which the shoes are to be made, for each case of uppers, the instructions appearing on the master tag which remains on the case of shoes from the time it is cut until it is shipped. At present there are approximately eight different styles of lasts, ranging in size from three to ten and in width from AAA to EEE. The lasts are placed on racks of 18 pairs, the box (Please Turn to Page 4)

### STEP-BY-STEP SHOE MAKING FASCINATING AT WINDSOR PLANT

The long production lines of one of the country's largest automobile plants offer no greater fascination in American ingenuity than the step-by-step production of ladies' fine shoes as they are turned out at the Windsor Shoe company in Littlestown.

The cycle starts with the best grades of leather, and quality in both materials and workmanship continues to be paramount through the dozens of successive stages until the shoes are loaded into trucks for shipment to the New York warehouse of the A. S. Beck Shoe corporation, through whose 115 stores throughout the United States these ladies' quality shoes are sold exclusively.

Highest prices are paid for the skins of kid and calf which go into the uppers of Windsor shoes and the sole leather and other parts of the shoes are of the best quality obtainable.

The materials are purchased, and upon their receipt, according to their use, they are taken to the upper leather stock room, or the general findings department. The leather to be used for uppers and linings is sorted according to the type and style of shoe which will be cut from it.

**Jobs Laid Out**  
The jobs, designing the number of pairs and the sizes of the uppers to be cut, which have been prepared in the office, are examined by the upper stock clerk and the amount of footage allowed is prepared for the cutter. The jobs are given to the shoe cutters, some of whom work on outsoles, some on the trim of the shoe, some on linings and all use clicking machines and sharp edged dies to obtain the desired results.

Shoes range from four to 14 pieces, according to the style. When the cutting operation is completed, the parts of the upper are assembled and placed on racks of 36 pairs each and delivered to the stitching department. There are about 35 employees in this department.

The parts of the shoe which require it are first skived in the stitching room, they are stitch-marked and the linings are made. Table work includes the various cementing and backing operations which vary according to the style of the shoe. If there is a cut-out or perforation, this operation is next performed. The uppers are fancy-stitched, the stitch-marking serving as a guide for this work; there are about 25 women on this job. The back seams are closed; tape is used for reinforcing the parts which will receive the most strain in wear.

The uppers are top-stitched, that is, the linings and uppers are sewed together at the top of the shoe. The uppers are then bound around the top by the French cord binders, and the binding is folded by the French cord folders. They are space-stitched all excess thread and material is trimmed, and the uppers receive a thorough inspection before leaving the department to go to the assembling room.

**Many Operations**  
There are numerous small and seemingly unimportant operations in this department; some shoes have as many as 50 operations in the stitching room, some as few as 20. The bows for the shoes that require them are also made in the factory, and as many as 10 operations go into the making of some bows. About 130 girls and women work in this department. Most of the high school pupils who work after school work here.

In the stockfitting room, the outsoles, which have been purchased already cut, are sorted for quality and size. They are evened and buffed and the rounding machine cuts them to the size and last desired for the shoes. The soles are then shank reduced, forepart reduced and roughed, and then cut out for the fitting of the heels. They are stored in shelves and sent to the cementers, who finish the preparation for their use on the shoe.

When the insoles are purchased, they consist of leather and fibre shank. After the insole and shank are laminated, they are cut to fit the shoe. They are also reduced and bound, depending upon whether they are to be used on open back and open toe shoes. The insoles are tied in 18-pair lots and stored in shelves ready for use by the assembling department.

**Wide Range of Sizes**  
The assembling department chooses the proper last on which the shoes are to be made, for each case of uppers, the instructions appearing on the master tag which remains on the case of shoes from the time it is cut until it is shipped. At present there are approximately eight different styles of lasts, ranging in size from three to ten and in width from AAA to EEE. The lasts are placed on racks of 18 pairs, the box (Please Turn to Page 4)

# WINDSOR NEWS WAS FEATURED IN WAR YEARS

The Windsor Shoe company, one of Littlestown's leading industries, not only made shoes, but it published a newspaper during the war years. It was called the "Windsor News" and it had its circulation among the men and women of Windsor who served in the armed forces. The News carried no advertisements, and it had no subscription rates. Its staff received no pay. It was sent gratis to each former employee whenever his or her address was known, to bring to the far flung places where these men and women were thrust by the war, the news of their home town and their former associates.

**Appeared In 1942**  
The first number of the "Windsor News" made its appearance in March, 1942. Its editor, throughout its existence, was Miss Mary Weaver, who was responsible for a large part of the news, most of the art work and the editing and publication. Miss Weaver's task was lightened considerably by the fact, no doubt, that her efforts were read by a certain sergeant. In the last issue of the News, Miss Weaver wrote:

"Would you be interested in knowing that your editor's favorite sergeant is coming home soon—you are all invited to the wedding—when it happens!"

The sergeant got home and Miss Weaver is now Mrs. Paul Altoff.

Toward the close of the war the circulation of the News was approximately 100 copies. The Windsor Shoe company's honor roll contains 105 names. There are gold stars opposite the names of Ernest W. Mayers, Earl W. Staub and C. Richa and Wisotzky. One girl, Miss Rita Smeeringer, the landlady's daughter, is the only woman on the roll. She left her position in the office to join the WAVES. Others on the honor roll are:

John C. Bechtel, John R. Bloom, Lewis H. Fox, Leo P. Kuhn, Charles F. Lockner, J. Robert Sell, Jackson S. Scott, Charles E. Stonestifer, Clyde W. Topper, Robert V. Weaver, Walter F. Arbogast, Melvin R. Baumgardner, Charles R. Benner, Lloyd D. Blevins, Albert E. Boyd.

Alton A. Breighner, James R. Chrimer, Lester M. Clewell, Bernard L. Clouser, Guy L. Conover, George N. DeHoff, Harold G. Diehl, Kenneth E. Dodder, James W. Dutter, John J. Eck, Percell B. Ecker, Robert C. Eichelberger, Harry G. Eyer, Levere A. Breighner.

E. Elwood Felix, Morris Flatow, Roy A. Gebhart, Richard E. Golden, Raymond J. Grot, Norman J. Hahn, Richard B. Hartlaub, Ray E. Hawk, Charles H. Henschke, George E. Hornberger, Alvin R. James, Irvin J. Keefer, Earl G. Kelly, Amos W. King, Robert C. Koontz.

George A. Kress, Robert F. Krichton, John K. Lapham, Robert W. Long, Donald K. Luckenbaugh, Walter S. Mehring, Clyde E. Miller, William A. Moose, Oscar M. Mummet, Arvel H. Myers, Edgar J. Myers, Fred K. Myers, Richard J. Neiderer, Harlan H. Nester, Glenn E. Ohler.

Grover E. Pascoe, Glenn W. Phillips, James D. Rang, Joseph H. Redding, Earl C. Runkle, Earl G. Sanders, Charles A. Shelton, John R. Shoemaker, J. Carroll Smith, Raymond W. Smith, Robert J. Smith, Charles A. Snyder, Earl L. Snyder, Eugene V. Snyder, G. Edward Snyder.

Robert L. Snyder, Samuel Snyder, Jr., David G. Spangler, Wilbur H. Schue, Kenneth E. Sparver, Fred A. Spridonoff, Ellsworth Sponseller, Jr., Richard W. Staley, Donald J. Staub, Bernard A. Stonestifer, Jr., Irvin H. Straley, Harry J. Toms, Richard D. Thomas, Walter I. Waganan.

Dennie S. Wallick, Ralph E. Warner, Dale E. Weaver, Earl J. Weaver, Donald L. Wolfe, Marcellus W. Wentz, Herman H. Wherley, Edgar H. Wisotzky, Warren H. Wisotzky, Emory W. Wintrobe, Lloyd C. Wintrobe, Marland J. Zeigler.

# HIGH QUALITY

(Continued from Page 1)

and recall how it appeared in 1937," he added.

## Promoted From Supervisor

Mr. Krocak came to Littlestown when the plant opened in January 1937, as a supervisor in the cutting department. From this position he was promoted to superintendent, and later to general manager and a vice president of the Beck company, whose president is Benjamin Daniels, New York city. The Littlestown plant is a subsidiary of the A. S. Beck Shoe corporation. Throughout 1938, 1939 and 1940, the quality of the shoes made by Windsor improved and the production rose. At the end of 1937 the plant was turning out 1,800 pairs of shoes daily. Production frequently reaches 3,600 pairs a day now. At the end of 1939 the Littlestown plant employed 480 persons. Approximately the same number were employed the following year. The payroll reached its peak in 1942 with 555 employees. The plant furnishes employment 52 weeks a year. Employees receive a week's vacation with pay. They also have free life insurance and sick benefits with the premiums paid by the company. Wages have increased more than 100 percent since 1937. "We're doing everything we can to make them happy and keep them that way," said Mr. Krocak.

There were four affiliated factories making shoes for the Beck stores when the Littlestown plant was opened. Windsor is now one of seven Beck subsidiaries. Edward Bastable is the general manager of all the factories.

Paul Myers, foreman of the stock-fitting and assembling department, at the Littlestown plant, has served in his present capacity since the factory began and he held the same position with the Littlestown Shoe company, former occupants of the same building. Mr. Myers has been in shoe business since 1926. His wife worked in the factory at one time, then the family moved to Hanover about five years ago. The family includes two daughters, Mary and Patricia, both teen age. Mr. Myers has had an assistant in his department for the past few months, Robert Koontz, who came to Windsor in March 1939, and returned only recently after a hitch of 18 months with the Marines. Bob's wife, Edna, held a position as floor girl in the stitching room until the first of this year.

## No Place Like It

Andrew Marx, foreman of the heeling and finishing departments, came to Windsor from Rochester, back in 1937. He has been away from the factory and back again several times, because of illness and because he felt in need of a long vacation, but he still thinks there is no place like Littlestown. After almost 50 years of working in these two departments, it is easily understood that he feels in need of a rest now and then. Mr. Marx also has an assistant in the person of Henry Storm, whose first job back in July, 1937, was heel scouring.

Three of the other executives were promoted from bench work to foremanship. Clarence Hall, more familiarly called Jack, began work at Windsor as a top stitcher and eye-letter in the stitching department in 1937. He was transferred to stitching room machinist and in 1942 was promoted to assistant foreman. Since the beginning of 1943 he has served as head of the department. Jack came to Littlestown from Virginia but has lived here long enough to be claimed as a native son. His very first job was in a shoe factory.

Cradock-Terry in Virginia. Jack's wife, Catherine, also spent some time at Windsor but not since the arrival of their third son, Jerry, about two and a half years ago. The two other boys in the Hall family are Charles and Robert, both students at Littlestown High school. Jack's chief assistant is Grover Pascoe, who in 1937, worked on the perforating machine in that depart-

FRANK J. KROCAK

ment; then he took Jack's place as machinist, and since his discharge from the United States Army in February, after two and a half years of service, he continues to follow in his friend's footsteps and is assistant foreman of the stitching department.

Stanley Sell's first job at Windsor in 1937 was on the Littleway stitching machine and he remained at his post there until February, 1943, when the wood heeling department was inaugurated and he was given charge, having previous experience in this work in the Littlestown Shoe company. Stanley is a local boy with 20 years of experience in the shoe business. His wife, Mabel, lent her time and efforts to further the progress of Windsor at various times during the past nine years. They are the parents of three children, Kenneth, a senior in Littlestown High school, an honor student and an athlete of some merit, Pearl and Dean. On the side, Stanley delves in the real estate business.

## Had Son In Navy

Roger Trostle spent more than eight years as the No. 1 pullover in the lasting department and was finally rewarded in August 1945, with a promotion to foremanship. Bud, as everyone calls him, hails from Hanover, where he has a wife and three children. His oldest boy returned home recently after service with the navy.

Other executives include Irving Borscher, foreman of the packing department, who came to Windsor in August 1937 from the Gold Seal Shoe corporation, Boston, a sister factory. He was invited down to give of his time and experience to help solve the problems of the first

white season at Windsor and has been there ever since. Mr. Borscher lives in Baltimore with his wife and two daughters, Ruth and Judith. His right hand in the department is Helen Wisotzky, a local girl and one of those who has been with the company for nine years.

Harry Scholl, cutting room foreman, came in September 1937 from Baltimore. He has spent 25 years working on shoes, with an interruption of 26 months to serve in World War I, a year of which was spent in France. He has been living in town with his wife, Pauline, who has been a top stitcher in the stitching department since their arrival, and son Robert, a student at Littlestown High school, who is perhaps best known for his trumpet playing. As his assistant, Mr. Scholl has Glenn Zeigler, of Irishtown, who has been with the company since June 1938. He worked first on a clicking machine, then as upper stock clerk prior to his latest promotion.

Thomas Kerns is foreman of the bottoming department and came to Windsor in June 1942. Him wife spent a few weeks here after they moved from Carlisle to Littlestown, but then decided to remain at home and care for the five little Kerns' two boys and three girls, all of school age. For a while, Mr. Kerns, in partnership with a former executive, spent his spare time raising chickens. Recalling the time he even operated on one of the chickens and it lived, always makes interesting conversation.

## Patented New Process

Al De Vito is the present superintendent of the factory and has held that position since July 1945. Mr. De Vito has been in shoe business for 40 years and came here from the Gold Seal corporation in Boston. Twenty-four of these years were spent in Brookline, five of them in Chicago, two in Dubuque, Iowa and one in California. While in Chicago with the J. P. Smith company, Mr. De Vito made a personal contribution to the shoe industry in 1939, when he perfected a shoe construction which was patented and which used in the shoes sold under the names of Syncoflex and Hurdler. Mr. De Vito stays in the vicinity but his home and his family are in Newark, N. J.

Another key position in the factory is held by Robert Thomas, production and personnel manager, who was the first man to be hired in the office when the factory opened in 1937. He has held his present position since March 1943. Frank Stonestifer is the receiving clerk and has served in that capacity since

July 1943, when he first came to Windsor. Frank's affiliations are divided between his job and his place in the country. Lewis Fox has been the shipping clerk since June 1, 1945 shortly after his discharge from the army after four years service. He worked prior to his military career, as a tree in the packing department.

The office staff retains only two of its original group. Paul Snyder, whose first job in 1937 was a payroll clerk, advanced to Krippendorf operator and in July 1942 was promoted to office manager, when Charles Snyder, who held the position at that time, was called to the army. Paul is a native of Littlestown and vicinity and lives in town with his wife and six offspring, five boys and a girl.

## Secretary—Editor

Mary Weaver Altoff worked first in the factory for a short period of time, then started in the office in March 1937, as payroll and billing clerk. She advanced to receptionist and switchboard operator, through all the stages of general office work to bookkeeper and private secretary. It was she who took care of the bond drives, the Red Cross and

USO collections and who edited the monthly bulletin which was sent to the Honor Roll members in the service, from the factory. She is a sister to the Littlestown correspondent and a bride of less than three months.

Ruth Rebert also worked in the factory, as a French cord folder from February 1937 to July 1938, when she came to the office. Ruth got her start on payroll, but she now prepares the job work for the cutting department. All the office staff are from the locality, with the exception of Dale Weaver, a brother to the Littlestown correspondent, who lives with his wife and three sons in Westminster. He was formerly from town, Bony, as he is better known, returned to the office in October 1945, after three years in the navy, two thirds of that time in North Africa. The remainder of the staff includes Fred King, who came in February 1939 and whose present work is costing, price lists, production reports and insurance; Kathleen Mehring who came in June, 1940, spends most of her time on Krippendorf work, and the following who came since 1941: Mary Ellen Bloom, who assists Miss Re-

bert, Mrs. Frances Trostle, Mildred Appler, Gladys Dutterer, Louella Harner, Alma Morehead and Mary Sentz, who work on payroll with a little general office routine; Dorothy Appler, who is learning bookkeeping and Rose Ann Smith, the new switchboard operator.

# ANNOUNCEMENT TO THE PUBLIC

From the beginning of the month of April until our new building is completed,

## WINTRODE'S GARAGE

will maintain a temporary location in that building which was formerly Feeser's Dairy, R. D. No. 2, Littlestown, Pa.

I wish to thank all our customers for their fine patronage, and in moving to my new location, I am inviting your continued patronage. You are assured the same courteous service as in the past.

Many thanks to all of you!

## An Historical Sketch Of The Borough Of Littlestown

By F. EMORY WEAVER

## Part IV

**Germany Township**  
We shall digress a bit this week, and tell a little of the history of Germany Township. The Borough of Littlestown and Germany Township have always formed really a single sociological unit, and have cooperated in numerous social and civic projects.

Alloway's Creek, forming the western line of Germany Township, is the receptacle of the streams in this township. The little creeks all flow in a southwesterly direction into Maryland. They seem to run at will throughout this little Holland, but without that crystal, dashing, splashing grace, which gives beauty and interest to the mountain streamlets. The surface is rolling in some parts, and decidedly level in others. The soil is all that limestone indicates, while in the very low districts loam and even black muck characterize it. Here are found outcrops of conglomerate dolomite, streaked blue and white limestone, red sandstone, mesozoic sandstone, slaty conglomerate, mesozoic sandstone stained with malachite, coarse-grained, yellowish, green conglomerate, red shale with mica spangles. The iron ore mines on the farms of Mrs. Sterner and Enoch Lefevre, in Germany Township, were worked in 1867 by the Wrightsville and the Ashland Mining Companies.

## Population Growth

In October, 1824, Dan Margentice, David and Henry Shriver were engaged in selling foreign wines and liquors, and Christian Bishop, Dr. Ephraim Davis, and George Will, foreign merchandise.

The population in 1800 was 1013; in 1810, about 1100; in 1820, 1272, including one slave and 26 free colored; in 1830, 1517; in 1840, 1553; in 1850 (outside the borough), 720 (two colored); in 1860, 744 (four colored); in 1870, 880 (one colored); and in 1880, 1,002. An enumeration in 1886 listed 303 taxpayers; value of real estate, \$294,751; number of horses, 242; of cows, 275; value of moneys at interest, \$59,689; value of trades and professions, \$7,830; number of carriages, 101; gold watches, four; silver watches, one; acres of timber land, 335.

The Littlestown Branch Railroad was opened for traffic July 1, 1858. The cost was about \$75,000, as shown in the report of the president, William McSherry.

The road was extended to Frederick, Md., in 1871, and in December, 1874, the entire "Short Line" was leased to the Pennsylvania Company, the present operators. The first turnpike, the Gettysburg and Petersburg (Littlestown), was built by a company in 1809, to Biddle's Mill on the State line. The act of incorporation named James McSherry, John Shorb, Jacob Winrott, James Gettys, Alexander Coebean and Harry Hoke, commissioners. Three hundred and fifty shares at \$100 each were taken. Samuel Sloan surveyed the line in 1808 for \$2 a mile; and James Gettys contracted to build the road for \$4.585 per mile. Toll gates were erected in August, 1809 and the extension from Gettysburg to the mountain, ten miles, was built in 1810.

## Local Post Offices

In 1848 Henry Spalding built a wooden bridge over Alloway's Creek, on the Littlestown and Emmittsburg road, for \$343.

Post offices serving Germany Township are Littlestown and Kingsdale, the latter located near the Maryland line.

The question of adopting the act establishing the common school system, brought before the county convention of Nov. 4, 1834, was decided in the negative in the case of Germany Township, with A. Lefevre, the delegate, voting against. Shortly thereafter, however, the system was adopted.

## Mrs. Collins

(Continued from Page 1)

Mrs. Collins said—"except that there is so much more open land and fewer trees. But the trees, rock formations and general contour of the land is the same."

People in America are "most friendly. Everyone seems so pleased to be able to see you and to do things for you."

## Many Brides For Pa. Vets

Mrs. Collins, whose dictation nears

might be of interest: George Kuntz, Jr., Ludwig Miller, Henry Snider, Michael Smith, Henry Gilbert, Daniel Smith, Jacob Kuntz, Jacob Keiffer, William Irvine, Anthony Irvine, Abram Keeler, Henry Sell, George Bardt, Jacob Kitzinger, William Beeher, Henry King, Jacob King, Adam Dysart, Nicholas Kintz (disabled), Ludwig Sherrer, John Watterson, George Merche, Abram and Henry Sell (sons of Jacob), Conrad Rightstay, John Masser, Abram King, John Rider, Peter Meyer, Frederick Snider, D. Hoover, Jacob Winemiller, Patrick Owings, J. Werner, William Guinn, George Wildonger, Michael and John Dysart, and Conrad Pink.

Present-day Germany Township continues to be a community of industrious, prosperous farmers, with several specializing in poultry and livestock. Roads have been improved to such an extent that automobiles can get most places without difficulty. Germany Township is a vital part of the Littlestown community; in fact, large parts of it have been incorporated into the borough in recent years.

(To be continued in next week's supplement).

perfection, speaks of Americans as "seeming to sing all of the time. It is the rhythm of the manner in which they speak and the accent they employ for their words." Of all accents in America the Pennsylvania seems to have the nearest to the accent to which she was accustomed in England, she adds.

Pennsylvania has another boast, she adds, it seemed to receive the largest number of brides aboard the Queen Mary on which she came to America. The brides who planned to go to various states held meetings according to the state for which they were bound. There were 166 in the contingent headed for Pennsylvania.

Like the United States, England has been promoting agriculture during the war years and since the end of the war, Mrs. Collins said, "There is really very little farming in England, compared with the rest of the world. When the war

started the government urged the employment of every available bit of soil for food production and agriculture increased tremendously. Now the government is continuing efforts to interest the younger people in agriculture."

## Parents Coming Too

Mrs. Collins' parents are planning to come to America to live as soon as arrangements can be completed for their passage to the United States. Her father "retired shortly before I left England" after having been a sub-postmaster for a number of years. The Littlestown girl for some time assisted her father in conducting the postal business.

Her brother will not come to America with her parents, but will go to Nigeria as a government con-

struction engineer, she said. He recently completed his studies at Cambridge, England.

As to Halloween: "We have no special festivities on Halloween in northern England, although the occasion is marked by a number of customs in Scotland. Since I met Russell on Halloween, he has been telling me of the American customs and I am anxious to see them."

Hunting in America will be a novel experience, Mrs. Collins feels, particularly since there are many animals which she has not seen. A picture of an albino raccoon stuffed by a brother of her husband brought forth the exclamation when told raccoons are good eating: "You mean you eat them!" The Littlestown couple was married in Manchester December 13,

1944, while Mr. Collins was stationed at Burton Wood Air Depot, Warrington, Lancashire county, England.

## DSM FOR GENERAL

Washington, March 29 (AP)—Maj. Gen. George F. Lull of Scranton, Pa., was awarded the Distinguished Service Medal by the War Department Wednesday "for outstanding services in the office of the Surgeon General from June, 1940, to August, 1943. The War department also honored Brig. Gen. Harry R. Kutz of Pottstown, Pa., with the Legion of Merit for outstanding service from June, 1942, to August, 1945.

There are 172 parks covering 7,859 acres in Philadelphia.

## BLUEBERRY PLANTS

Giant, cultivated, three years old, for spring planting. Productive, profitable. Berries "seedless," bushes thornless, ornamental.

Guard those you  
love... Give to  
conquer Cancer

CANCER strikes all ages. It takes fathers... and with them the family's means of livelihood. It takes mothers... just when they are needed to care for a family of little ones. Even little children are often its victims.

Unless we do something about it, 17,000,000 Americans now living will die of cancer.

Cancer is not always incurable. Thirty to 50% of those who now die of cancer could be saved if they had recognized the "danger signals" of cancer and obtained proper treatment in time.

By a gift to the American Cancer Society, you can help save thousands of people who will otherwise die needlessly of cancer. And you can help medical science in its comprehensive attack on the cause of cancer.

Your gift to fight cancer will be used in these three ways:

1. To spread the knowledge that cancer is frequently curable if discovered early.

2. To help provide the most modern facilities everywhere for the care and treatment of cancer patients.

3. To make possible a comprehensive research program to determine the cause, prevention and cure of cancer.

No one is safe from cancer—man, woman or child. Give to fight cancer that you, your neighbor and your loved ones may live.

The American Cancer Society, Inc., 350 Fifth Avenue, New York 1, N. Y.

Sirs:

☐ I enclose \$..... as my gift to fight cancer.

☐ Please send me, without cost, information on the "danger signals" of cancer, to protect myself and my family against cancer.

☐ Please send me the name and address of the nearest cancer information center.

# STEP-BY-STEP SHOE MAKING FASCINATING AT WINDSOR PLANT

(Continued from Page 1)  
toes, counters, steel shanks, insoles, outsoles and uppers for the individual case of shoes are all placed on the same rack.

The insole moulding process is performed and the insoles are tacked on to the wooden lasts. The racks are then placed on the elevator and taken from the basement where the stockfitting and assembling departments are located and where approximately 40 persons are employed, to the lasting department on the main floor.

Also located in the basement is the wood heeling department. The heel blocks are purchased according to style and size. The heel covers, which have come from the cutting department, are skived to the proper weight. The blocks are dipped in cement and permitted to dry about two hours. The covers are sprayed with a light cement and the blocks and covers are given to the girls who place the covers on the blocks. Both must be examined for the proper size.

The operator of the slugging machine attaches the top lifts by nailing. There is a first trim to remove the rough edge of the top lift and a second trim to smooth the top lift to the heel. The finished heels are then inspected, placed on racks and sent via elevator to the heeling department for attaching. There are 16 employees in this department.

## Wear and Comfort Stressed

The various parts of the shoe, upon reaching the lasting room, are first given to the operators who perform the assembling operation. The sizes of uppers and lasts are checked, counters inserted between linings and uppers, and uppers placed on lasts and inserted into the machine which drives a tack at top and back of counter to keep uppers secure to innersoles. The puller aligns the tip and the vamp and places the box toe in those shoes that require one. Proper placement is to avoid discomfort to the wearer.

The shoes are then counter-drafted and side-lasted. The latter operation involves the placing of the shoe so that the piners of the machine grasp the edges of the upper and draw it evenly and closely about the last as staples are driven in to secure the upper to the insole. The shoes are then inspected, cemented and later tacked down by the forepart laster after the heel seats have been lasted. The bed laster completes the operation of tightly drawing the upper of the shoes on the last. This is done by manipulating hand levers to move a series of wipers or friction pullers to do the actual process of getting the toe in the desired position.

The shoes are then re-inspected. The assemblers, pullers, counter drafters and side lasters work in shifts of five men each, the same shoes being handled by the entire shifts, of which there are five. Of major importance in this department are the puller and bed laster operations. Approximately 50 people work in this department.

The first operations in the bottoming room are shank trimming and insole tack pulling. The toe racks placed by the bed lasters are then pulled, the toe is trimmed to remove the excess stock from it and then the shoe is bottom-ironed to make an even line from heel to toe. In the roughing operation the margin of the stock under the shoe must be roughed just enough to insure the success of future operations.

## Important Operation

Pre-drilling places a hole in the insole at the heel for the placement of the steel shank. Shank is a very important operation. The appearance and the wear of the shoe depend largely upon the proper fitting of the steel shank. The heel seats are filled with a mixture of cement and sawdust, spread from heel to ball to make it smooth and firm. Cement is put on the margin of the shoe that has been roughed, and a felt filler placed in the center of the forepart. The cement is allowed to dry about one hour and then the soles are attached with two or three staples in the heel. The soles are then laid on Compo conveyers. Solvent is put on them over the cement. This dries in about 11 seconds and after it has been applied to the sole, the shoe is placed in the conveyor and an air pressure of 60 pounds is applied. When the shoes leave the conveyor they go to a final inspection to make sure that the sole is placed on the shoe properly. Thirty-five persons work here.

## In the heeling and finishing departments

The first operation in the heeling department is the heel seat fitting, which machine-cuts the sole properly for the heel attaching, wherein the heel sent from the wood heeling department is placed on the sole of the shoe, held there are attached by a large screw. The edge trimming operation gives the sole the proper shape around the outside, the edge setting is next, and here the edge is finished according to the desired color.

In the bottom sanding and buffing operation the sole of the shoe is made smooth. Maunkeasing thoroughly cleanses the bottom, preparing it for bottom painting and the paint depends on the desired color of the finished sole. Bottom rolling and bottom brushing operations bring the sole to a high lustre. The screw remover takes the large screw from the heel, put there by the attacher, and the last puller removes the last from the shoe. The heel nailing operation places the nails on the inside of the heel, holding them fast, and then a smaller screw is inserted into the heel to make it more solid. Forty employees work in these two departments.

## Cleaned And Polished

The first operation in the packing room is the trimming by machine of all surplus inside lining material. The sock linings, which have come from the cutting room, are placed in the shoe. Here also a conveyor is used. The shoes are then ready for cleaning, which is done by trees, who place the shoe on a last and with cloths, brushes and chemicals remove all excess stains and inks.

The surplus threads are flamed off with a gas flame, and the shoes are pump formed. This operation narrows the back of the shoe, and

## Accepts Position With Realty Firm

Former Staff Sergeant Robert E. Stover, 500 West King street, York, son of Mr. and Mrs. W. Robert Stover, 431 South Queen street, Littlestown, who was recently discharged from the army, has accepted a position as manager of the York office of Ausherman Brothers, real estate dealers, and will assume his duties immediately. Ausherman Brothers maintain seven other offices in Adams, Franklin and Fulton counties, one of which is located in Gettysburg.

Mr. Stover was graduated from Littlestown high school in 1934 and from a business college in York, in 1936. He served two and a half years in the army, all of which time was spent at Ft. George G. Meade, Md., where he received his honorable discharge March 25, 1945. Prior to his induction September 18, 1943, Mr. Stover was employed in the trust department of the Guardian Trust company in York.

is done to secure a tighter heel fit. The shoes are dressed with a wax finish which gives the leather a gloss. The bottoms are given a final polish, the shoes a final inspection, then are sprayed, and after they are paired up, are ready for the box. The shoes are shipped, 36 pair to a carton, directly to the warehouse in New York city, and from there re-shipped to the Beck stores. About 50 people are employed in the packing department.

The number of operations on the individual shoe throughout the factory ranges from 130 to 170, depending on whether the shoe is a simple or an elaborate one.

Not to be overlooked is the mechanical department, which includes eight men as machinists, watchmen and general maintenance workers.

**CLUE**  
Tulsa, Okla., (AP)—A pig's drunken lurch down a suburban road led Sheriff's Deputies Roy Veden and Burnie Brown to uncover a 55-gallon still and 1,100 gallons of mash. The raiders said the intoxicated porker pointed the path to the contraband when it drank from a drain out of a small dwelling on the city's outskirts and started its peculiar perambulating.

**RESOLUTION**  
WHEREAS, The Borough Council of the Borough of Littlestown in its annual budget for the year 1946, failed to anticipate necessary expenditures for the payment of rental to Littlestown Borough Authority under and pursuant to its lease dated April 1, 1941, and  
WHEREAS, The Borough Council has receipts from water rental not heretofore appropriated to specific purposes sufficient to pay such rental to the extent of \$2,437.50, and  
WHEREAS, Unless such rental is paid the Borough may suffer the loss of valuable rights under said lease of a value far in excess of said sum of \$2,437.50,  
NOW THEREFORE BE IT RESOLVED by the Borough and the Borough Council of the Borough of Littlestown that as a result of the foregoing facts an emergency exists, and  
BE IT FURTHER RESOLVED, that from such unappropriated funds, the sum of \$2,437.50 be and the same hereby is appropriated for payment of such rental as though the same had been included in and appropriated under said budget.  
Adopted this 26th day of March, 1946.  
CLAUDE A. SPYER, President.  
Attest:  
ROGER J. KEEFER, Secretary.  
Approved this 26th day of March, 1946.
